### **STATE OF THE STATE**

Mr. Speaker, Mr. President Pro Tem, Lt. Governor Matt Pinnell, members of my cabinet, Madam Chief Justice, members of the 57<sup>th</sup> Legislature, my best friend – the First Lady Sarah Stitt, my children, my parents, and my fellow Oklahomans...

It is a great honor to stand before you today, and I thank my heavenly Father for allowing me to be in this position of service to Oklahoma.

Let me get right to the point. The state of our state is growing in strength, stability, and new opportunity for generations to come.

We are moving in the direction we all want to go: Top Ten in the Nation.

And we are getting there because of the hard work of Oklahoma's entrepreneurs, because of the dedication of teachers in the classroom, because of the generous givers and compassion coming from Oklahoma's non-profits, because of the community involvement of churches, and because of those in this room, and across our state agencies, who are making the tough, selfless decisions for the future of our great state.

I want to take a moment to highlight a few of those individuals, who are my special guests in the Chamber today:

First Lieutenant E.J. Johnson, Technical Sergeant Rebecca Imwalle, and Staff Sergeant Joy Mahan. These proud Guardsmen represent the hundreds of Oklahoma's finest called to duty during record flooding in the State this past May.

Under the leadership of Major General Michael Thompson, they walked levies, filled sandbags, performed rescues, and conducted countless other tasks day after day.

Engineers in the Oklahoma National Guard also partnered with ODOT to build a temporary road that provided evacuees in Braggs a way out of their flooded community.

In addition to their duties within the State, the Oklahoma National Guard is also fulfilling their federal mission. More than 400 Oklahoma Guardsmen are currently fighting overseas on behalf of our state and nation at this very moment. I ask that every Oklahoman keep these brave men and women in your thoughts and prayers.

Also in the Chamber with us today is Dr. Tomas Diaz de la Rubia, the University of Oklahoma's new head of research. I am committed to partnering with our state institutions in recruiting the best talent in the nation to Oklahoma. We will compete, and we will win.

This past year, the University of Oklahoma not only won its 13<sup>th</sup> Big 12 Football Championship, it also won the talent of one of the best researchers in the nation.

Dr. Tomas is an internationally renowned researcher who is bringing his impressive background at Purdue University, and with companies, such as Deloitte, to play a key role in identifying innovative opportunities that will elevate OU's research reputation to Top Ten in the country. Thank you for choosing the best state in the nation to move to and make an impact.

Today, we also recognize an Oklahoma son from Tuttle - CEO of Paycom, Chad Richison. Chad founded his company, Paycom, right here in Oklahoma City in 1998, and through his vision and leadership, Paycom now serves as one of the largest employers in our great state.

Just this past month, Chad hit an incredible milestone when Paycom was added to the S&P 500 list.

Thank you, Chad, for reminding us that the American dream is still alive, and Oklahoma is the best place in the nation to accomplish it.

To all my guests, thank you for being here today.

We all know that Oklahoma's economy, and quite frankly our state budget, is built on the backs of the hardworking men and women in the oil and natural gas industry.

When I delivered this address last year, 60 percent more drilling rigs were operating in Oklahoma than exist today.

Our first budget together was blessed by a thriving industry. Now, we must look at the realities of a changing and evolving market that is becoming more efficient and less influenced by international volatility.

As a result, our State's general revenue fund is estimated to be down almost one percent versus fiscal year 2020, and our total spending authority is very close to the same amount.

But we have nothing to fear. We will remain vigilant in recognizing our needs, planning for our future, and shedding waste where operations are outdated or redundant.

**In fact, the greatest challenge before us today is not Oklahoma's economy.** There are two reasons why:

First: The fiscal discipline displayed by many of you in this room last year has allowed the State to garner its largest savings account in Oklahoma's history at \$1 billion.

As a result, Moody's Investor Service changed Oklahoma's outlook from "stable" to "positive" in October. Their decision reflects an expectation that Oklahoma will maintain "strong fiscal management" and "a commitment to increasing reserves."

Let's follow through on that commitment.

Senator Joe Newhouse has filed legislation that would give Oklahomans a voice this year on increasing the Constitutional cap on our State's Rainy Day fund to 30%. Let's get it to a vote of the people!

And while we wait on this vote, I am also asking for elected leaders to join me, again, in setting aside \$100 million in additional funds as part of the Fiscal Year 2021 budget.

Thanks to our strong pension plans, low bond debt and progress in savings, Oklahoma is ranked as the fifth most solvent state in America. Let's take this to #1.

By saving in the good times, we are demonstrating our commitment to protect the taxpayer, the job creator, and the citizen who depends on core services.

Second: Oklahoma's economy is more diverse than ever before.

When the City of El Reno faced the closure of a major facility, Oklahoma's Department of Commerce quickly went into action.

We deployed two career fairs, and more than 350 Oklahomans were offered employment with companies in aerospace, finance, manufacturing, healthcare and more.

This was possible because Oklahoma's economy remains on good footing.

Our unemployment rate remains below the national average. Oklahoma's household income has risen by nearly 4% in 2019.

And sixty companies moved to our state or made significant expansions in Oklahoma this past year, with more than \$2.9 billion in new capital investments announced.

One of our strongest industries this year was tourism, led by the vision of our own Lt. Governor Matt Pinnell – Imagine That!

In 2019, Oklahoma's tourism website achieved a #1 ranking in web traffic. We beat states like California and Colorado.

And tourism will continue to grow. This year, we are welcoming the largest movie production in state history with Killers of the Flower Moon.

You gave us the tools last year to bolster our recruiting efforts, and the Lt. Governor was an exceptional partner in landing this deal for Oklahoma. Once again, beating states like Texas and New Mexico.

The film production's presence is expected to inject tens of millions into our economy. Thousands of Oklahomans will be hired as local talent and through contracts for lodging, transportation, hardware, food and more.

Oklahomans, our economy is competitive. And in this administration, we will keep it that way!

**The greatest challenge before us today is government bureaucracy.**

In my first year of public service and as the chief executive, I have found government too big and too broken.

The state of Oklahoma spends roughly \$20 billion annually. The Legislature has a strong handle on the 40% managed through the appropriations process.

Then, we – working together – provide oversight of the 60% that goes directly to state agencies from apportionments, fines, fees, and federal funding.

Last year, we delivered the greatest transparency to the State's budget by publishing Oklahoma's checkbook online.

With the new system, we are providing user-friendly access to recent spending data.

In partnership with my office and Oklahoma Treasurer Randy McDaniel, we took Oklahoma's 47<sup>th</sup> ranking to 7<sup>th</sup> place in online budget transparency.

And we will continue to fine tune how citizens interact with it in order to compete for first place in transparency.

Most importantly, the Legislature delivered the strongest accountability in state history when you sent to my desk legislation to reform five of our state's largest agencies.

This action strengthened our budgeting oversight.

Time and time again, state agencies would ask you for more money as the solution.

But I'm here to tell you it's not all about funding. It's about focus. It's about leadership.

Your reforms have allowed me to go recruit the best talent, to break down silos between agencies, and to deliver the Legislature with budgets that are results-oriented.

When good policy meets the right leadership, anything is possible!

Just look at what transpired in 2019 between two key agencies.

When I came into office, I was told that a change in our prison system wasn't possible without an immediate injection of \$1 billion dollars.

I was told the Pardon and Parole Board could not take on an increase in casework without more employees and more funding.

I was told that it would be logistically impossible to accomplish a large commutation docket to give low-level, non-violent offenders a second chance.

What did we do? You passed better policy, and we changed leadership in both agencies.

As a result:

Pardon and Parole Board consolidated its investigators with Department of Corrections.

This streamlined the case work all while increasing it by 118% over 2018. They did this without a single dollar more.

The Department of Corrections launched its first-ever re-entry fairs across 28 facilities for individuals that were part of the HB 1269 commutation docket.

The idea originated from the First Lady, and it will become a permanent practice at the agency moving forward.

The number of Oklahomans in our state prisons declined by 7.6% from 2018. As a result, the number of those incarcerated is the lowest level since 2009. This is reducing the strain on our prison facilities and giving us the opportunity to reimagine the future of housing inmates.

And in conjunction, the Department of Corrections withdrew its year after year request for more than \$1 billion in additional funding and submitted a FY'21 request that addresses the critical needs of tomorrow.

It is now time to complete this successful consolidation effort.

I am calling for the Legislature to protect the Constitutional mandate for Pardon and Parole Board appointments yet pass legislation that absorbs the remainder of the operations with Corrections.

Collaboration is already taking place, thanks to the leadership of Director Scott Crow and Director Steve Bickley. It is time we make this official in law to prevent future bureaucracy from creeping back in.

When government is working and is unified under one vision, we can change the lives of Oklahomans for the better.

Here in the Chamber with us today is Tara. Tara is a mother of four children who was serving a 10-year sentence due to a relapse with a drug addiction.

Prior to her release, Tara met Chris Linder from Center for Employment Opportunities at the transition fair.

When she was commuted under the HB 1269 docket, Tara was immediately connected to sober housing at Exodus, began working a temporary job for CEO, and within a month of release was hired for a full-time position by a local Tulsa company where she is finding stability and opportunity again.

Tara, we believe in you. The State and our community partners want to help you keep a tight hold of the hope and future you and your family deserve.

Friends, agency consolidation must not stop there.

Secretary Tim Gatz has done an exceptional job leading both the Oklahoma Department of Transportation and the Oklahoma Turnpike Authority.

Secretary Gatz is beginning the process of combining all back office and common functions into one shared service entity for both agencies.

We will maintain separate general management for unique functions, while streamlining operations that are duplicative in nature so we can deliver the highest quality of transportation possible.

We will operate with one, unifying vision for infrastructure as we continue to move towards Top Ten status. Thank you, Secretary Gatz, for your leadership.

When Oklahoma is in crisis, it is most often our Office of Emergency Management (OEM) that is at the center of restoring us back to normal.

OEM has the ability to call upon whatever resource it needs to help Oklahoma's communities prevent, respond, or recover from a major crisis.

Homeland Security is a key part of that effort, proving valuable coordination to support our first responders.

By merging these two agencies, we will bolster response capabilities, streamline coordination, and leverage existing resources for stronger prevention programs.

As we prepare to recognize the 25<sup>th</sup> anniversary of the Oklahoma City bombing in April, we must continue to set the standard for our nation in how to respond to and manage crisis when tested by tragedy.

Oklahomans deserve it and this merger will help us achieve that goal.

Thank you to OEM Director Mark Gower and Homeland Security Director Kim Carter who are committed to working with the Legislature to get this done right.

Some will cry that consolidation is disruptive. Let me be clear – it *will-be* for political insiders and those that find comfort in big bureaucracy.

But it is what we need to do to improve decision-making, deliver better accountability, and target dollars directly towards helping our citizens instead of paying for administrative bloat.

Oklahoma has the 20<sup>th</sup> highest land mass among states, the 28<sup>th</sup> largest population, and yet, we have the 9<sup>th</sup> most state agencies out of all 50 states. This is unacceptable.

There is no value to having more agencies than other states; it has not solved our Bottom Ten rankings in critical categories.

As we reduce bureaucracy, we must also provide necessary relief and enhanced opportunities for our dedicated public employees.

President Pro Tem Greg Treat and Representative Mike Osburn have already filed legislation to begin the conversation again on civil service reform.

It is time we get this done in 2020!

The state's current civil service program is broken.

High quality employees are forced into a system that doesn't maximize their professional growth and potential.

Agency leaders have their hands tied in who they can hire and promote due to outdated restrictions.

Today, I am calling for reform that requires all new hires in state government, moving forward, to be unclassified.

I am requesting language that allows agency directors discretion to offer bonuses, within the confines of their budgets, for employees to receive a promotion out of their restricted classified positions.

Through this attrition model, I am casting a vision for the majority of the State's work force to be unclassified in the next five years.

As part of civil service reform, I am calling for a 3-person panel in the Human Capital Management Department to maintain whistle blower protections and to provide due process to state employees who have serious grievances, whether these employees are classified or not.

Let's make the state's largest employer a place where we can hire the best; where we reward good performers; and where we are building a training ground for an exceptional workforce that can transition beyond public service if they so choose.

With a long-term focus on agency reform, we will lay a new, stronger foundation for the State of Oklahoma. Any policy that the Legislature sends to my desk to further this effort will be signed. This is how we will actually get the tax-dollar directly back to the citizen - through better services.

One of the most significant areas where we need reform is healthcare.

I just returned from Washington, D.C., where I stood with the Trump administration to announce that the State of Oklahoma will be pursuing new flexibilities through the Healthy Adult Opportunity.

With these new flexibilities, Oklahoma will begin the process in the coming weeks to roll out SoonerCare 2.0.

Under this reformed Medicaid program, we will seek to close the gap of those uninsured in Oklahoma.

We will deliver much-needed accountability in the Medicaid system to focus on rewarding health outcomes and stronger performance in care.

With HAO flexibility, we will deliver personal responsibility to new enrollees under SoonerCare 2.0.

We will seek to establish moderate premiums and work requirements.

We will encourage able-bodied adults to transition towards a path of maintaining private insurance and pursuing educational or employment opportunities that advances their full personal potential.

With HAO flexibility, we will seek to establish programs that enhance accessibility of health care in rural Oklahoma.

And we will seek to expand targeted treatment for opioid addiction and substance abuse.

But I can't do this without you.

Oklahoma is currently positioned to be the first in the nation to be granted the Trump administration's waiver to achieve unprecedented flexibility and accountability in delivering Medicaid to adults.

No one who is currently eligible will lose coverage; actually, more than 180,000 Oklahomans would gain coverage under SoonerCare 2.0.

State Auditor Cindy Byrd is in the middle of auditing our Medicaid rolls, a request I filed last year. Her auditors expect to be done this spring, which will allow us to address abuse in the system and ensure that the reformed SoonerCare 2.0 will truly help those who need it the most.

But Washington needs to see support from the Oklahoma State Legislature to feel confident that this plan is on solid financial standing.

Today, I call on the House and the Senate to send to my desk legislation to give certainty that the Oklahoma Health Care Authority can use the full 4% of the SHOPP assessment to fund SoonerCare 2.0, while protecting reimbursements.

We must also reform TSET. Let's protect the current corpus yet reallocate future funds towards improving the delivery of rural healthcare.

Help me keep Oklahoma #1 in competing for this new opportunity through the Trump administration.

Any other effort to enact a clean expansion of Medicaid, to include putting it in the State's Constitution, will create significant restrictions.

With straight Medicaid Expansion, Oklahoma will be left with the same ineffective and unaccountable program that has failed to bring us out of Bottom Ten rankings.

The time is now to innovate, to focus on outcomes, and to make Oklahoma a national leader in the delivery of healthcare.

To make this sustainable, we must also move forward on significant reforms in the operations of our state health and human services agencies.

Did you know that Oklahoma has 10 different state agencies passing money through the Medicaid program in Oklahoma?

And 18 state entities that license health care facilities and providers?

You cannot convince me that operating that many bureaucracies is an efficient way of doing business. And it has to change.

This is why I am calling for the Legislature to begin the process of creating one central health care agency.

Let's partner together to fully integrate, by the year 2022, the functions of the State Department of Health, the Oklahoma Health Care Authority (OHCA), the Department of Mental Health, and others, as well as all of the state's licensing boards that deal with health.

In addition, Oklahoma can no longer afford to be so far behind other states with regards to using and protecting health data.

Within the next couple months, we will select a vendor to establish a statewide Health Information Exchange (HIE).

This effort has been a long-time in the making and with the right leadership in place, more progress has been made in 10 months than in the last 10 years. Thank you OHCA Director Kevin Corbett and Secretary Jerome Loughridge.

A functional HIE will protect Oklahomans' health records while ensuring these records are portable and accessible at all times, and I appreciate Senator Greg McCortney's legislation that will enhance and protect the hard work underway in our agencies.

And this is just the beginning of health reform in Oklahoma.

Many of you in the Legislature are spearheading legislation that will help to create a better healthcare system across the board, to include legislation that will create pricing transparency for medical bills, and Representative Marcus McEntire's legislation to put an end to surprise billing practices.

Thank you. Let's continue to work together and push the envelope on improving health care delivery and outcomes for all 4 million Oklahomans.

In this administration, we will continue to focus on becoming Top Ten in education.

It is why the Legislature put more funding into the funding formula this school year, bringing the total taxpayer investment in common education to the largest in state history.

We will protect it. But we must also reform it by taking a hard look at our state's funding formula.

We should allow voters to unlock more local dollars. With reform, we must also address any mechanisms that are preventing tax dollars from getting directly to today's classroom.

The path to Oklahoma's future prosperity will be achieved by promoting the profession of teaching and focusing on students' advancements and opportunities.

This is why the Legislature rallied last year to give our teachers a second year of much-deserved pay raises. I am glad to report that not only did districts give pay raises of at least \$1,220 last year, but some went beyond, like Owasso Public Schools, where now a first-year teacher can expect a beginning compensation of \$42,000.

It is why this Legislature continues to build a competitive and solvent Teacher Retirement System, by investing more than \$300 million annually above the \$750 million that taxpayers support through employee and employer contributions.

Our dedication will continue so that teachers know that when they retire, their pensions will be funded.

But more state revenue is not the answer alone.

We must also continue to recruit the best teachers and confront our teacher shortage. I support legislation that would direct the State Board of Education to issue a teaching certificate to anyone who holds a valid out-of-state teaching certification, with no other requirements except a criminal history record check.

This year, we must get across the finish line proven solutions to enhance learning opportunities for students.

Now is the time to raise the cap on the Oklahoma Equal Opportunity Education Scholarship to \$30 million, to allow Oklahomans to be rewarded for investing their funds directly to our students and schools

In the Chamber, as my special guests, are Ms. Alegra Williams and her sixth- and eighth-grade sons, Chaves and Sincere.

Ms. Williams' sons were struggling in school, making all C's and D's until she had the opportunity to enroll them in Crossover Preparatory Academy, a private all-boys school in north Tulsa.

Crossover prep was started as a key initiative to restore their community through education for young men. Crossover Prep is a tuition-free school because they believe that a child's access to a quality education shouldn't be dependent on their parent's ability to afford it.

In the boys' first semester at Crossover, Chaves jumped three reading grade levels, and Sincere jumped two-and-a-half reading levels.

Chaves and Sincere, will you stand? And will everyone join me and their mom in applauding their hard work this year?

Chaves and Sincere were able to get the help they needed because of the Oklahoma Equal Opportunity Education Scholarship Act.

Increasing the tax credit cap will provide additional incentives for donors, resulting in more public-school grants and private-school scholarships.

Thank you to Senator Dave Rader and Representative Jon Echols for leading the charge.

Let's work together to make sure all students at all schools have access to an innovative, enriching curriculum, regardless of ZIP code.

Because we believe in all students and helping them succeed, I am also launching a program this year called Jobs for America's Graduates (JAG).

JAG is a state-based national non-profit organization dedicated to preventing dropouts among young people who have serious barriers to graduation and employment.

In more than three decades of operation, JAG has delivered consistent, compelling results – helping more than one million young people stay in school through graduation, pursue postsecondary education and secure quality entry-level jobs leading to career advancement opportunities.

While we are on the topic of education, let me take a brief moment to address one critical matter.

In 2019, 1.3% of the common education funding came from the State's exclusivity fees on Class III games on tribal casinos. These dollars, which are first deposited to the Oklahoma Education Reform Revolving Fund, equal roughly \$130 million compared to public education's total funding of \$9.7 billion, as sourced by the 2019 School District Revenue Report.

The Model Gaming Compacts have been a success, greater than anyone predicted.

Unfortunately, we have an expired Model Gaming Compact, a compact in which notable tribes have previously called "dated" and "unsuitable" for current and future business.

After 5 offers from the State for all stakeholders to come together to modernize the Model Gaming Compact, three tribes instead sued the State on New Year's Eve.

While we wait for the federal court's decision, I am calling for the Legislature to join me in protecting public education. I am asking for legislation that will allow the remaining

cash balance from 2019 and funds from the Revenue Stabilization Fund to be leveraged, if needed, to compensate for any temporary pause in Class III gaming fees.

As Governor, I remain supportive of the sovereignty of the State of Oklahoma and our right – and your duty as the Legislature – to oversee all industries operating in the State.

I also remain confident the State and Oklahoma’s tribes can hammer out a compromise that is a win-win for all four million Oklahomans, and we can accomplish this without putting public education in the crosshairs.

As I said last year, and it bears repeating, we need more taxpayers, not more taxes.

Everything we do has a dotted line back to growing our economy.

It is why my budget calls for the funding of the Closing Fund by another \$3 million, as well as a \$200 million financing plan with a majority prioritized towards rural roads and high-volume interchanges.

Oklahoma has moved from 49th to 13th in bridge conditions within 15 years, and while we work towards Top Ten in this critical category, we are going to start moving the needle on our ranking of super-two roads and pavement quality.

Oklahoma is the crossroads of America, and our roads are key to attracting future job creators whether it is to Altus, Enid, Broken Bow or in the heart of Tulsa.

Today, I am also filing an executive order to address Oklahoma’s excessive red tape.

Oklahoma’s administrative code is double the size of the state of Kansas and 20 percent more than Missouri and New Mexico.

My executive order will call for the first-ever comprehensive review of the State’s administrative code and will instruct agencies to remove two regulations for every new one created.

The intent is to reduce red tape by 25% in the next three years, providing relief to Oklahoma’s job creators and farmers and ranchers while also strengthening our recruitment efforts to diversify and grow Oklahoma’s economy.

We must also continue our progress on occupational licensing reform.

Speaker Charles McCall and Senator Adam Pugh made it a priority last year to reduce barriers to work for military families.

And Senator Julie Daniels and Representative Zach Taylor passed meaningful second-chance legislation to expand occupational licensing opportunity for those who have previously encountered the justice system.

This year, let’s get universal licensing recognition across the finish line too. We can continue to make progress on economic prosperity when we remove unnecessary and antiquated barriers to entry.

Ladies and Gentlemen, Oklahoma is competing. Oklahoma is winning. Oklahoma is undergoing the Turnaround that voters demanded.

It may not be comfortable at times. It demands hard decisions and boldness. It requires long-term planning and commitment to one vision.

But we are making inroads that will last for generations... that will make us stronger... more prosperous... Top Ten.

There is no place I would rather be than Oklahoma.

There is no better team than the ones elected in this room.

There is no better time in our State’s history than now. Let’s do this together.

God bless you. And God bless the great State of Oklahoma.

FEBRUARY APPROPRIATIONS ANALYSIS  
Schedule 4**

Article X, Section 41 of the Oklahoma Constitution and Title 3A, Section 713 of the Oklahoma Statutes requires the State Board of Equalization to determine if appropriations from the Oklahoma Education Lottery Trust Fund were used to enhance or supplant education funding.

<i>Column 1</i>	<i>Column 2</i>	<i>Column 3</i>	<i>Column 4</i>	<i>Column 5</i>
	<b>FY-2019 FINAL APPROPRIATIONS</b>	<b>FY-2020 APPROPRIATIONS</b>	<b>INCREASE OR (DECREASE)</b>	<b>PERCENT CHANGE</b>

To determine if the Oklahoma Education Lottery Trust Fund supplanted or enhanced education funding, actual FY-2019 appropriations are compared to FY-2020 appropriations for the purposes outlined in lottery funding statutes. Education funding, excluding the Lottery Trust Fund, increased in FY-2020 over FY-2019 by \$216.9 million. The Lottery Trust Fund appropriations decreased by \$8.6 million in FY-2020 from FY-2019. The total education funding increase including the Lottery Trust Fund year-over-year is \$208.4 million. Therefore, the Oklahoma Educational Lottery Trust Fund enhanced and did not supplant funding for education.

**CERTIFICATION OF 5-YEAR AVERAGES  
REVENUE STABILIZATION ACT  
Schedule 5**

Regarding duties of the State Board of Equalization, Title 62, Section 34.103, Paragraph A requires "... at the meeting... to be held in February of 2017, and... each year thereafter, the State Board of Equalization shall certify:" (1. The five-year average of actual annual revenue apportioned to the GRF from GP Oil tax collections; 2. The five-year average of actual annual revenue apportioned to the GRF from GP Natural Gas tax collections; and 3. The five-year average of actual annual revenue apportioned to the GRF from Corporate Income tax collections.) Paragraphs B & C further provide for distribution of any amounts "of revenue available for apportionment to the General Revenue Fund for the next ensuing fiscal year (which) exceeds the amounts certified...with respect to each revenue source...". Any such distribution is subject to the controlling provision found in Paragraph B of Section 34.102 of the same Title, which specifies that "No monies shall be deposited to the credit of the Revenue Stabilization Fund until such time as the amount of actual revenue certified by the State Board of Equalization as having been deposited into the {GRF} for the first fiscal year prior to the beginning of the first fiscal year that deposits to the...Fund are first made equals or exceeds...\$6,600,000,000... No deposits shall be made during a fiscal year where the State Board of Equalization General Revenue Fund certification for said fiscal year is less than the... certification for the previous fiscal year plus an increment amount otherwise calculated for deposit pursuant to subsection E," referring to the excess above the five year averages of gross production oil tax, gross production natural gas tax, and corporate income tax. Additionally, Paragraph D prohibits deposits into the Revenue Stabilization Fund during any year in which revenue failure has been declared from the month of the declaration. Paragraph D further prohibits deposits into the Revenue Stabilization if that would cause deposits to the Revenue Stabilization Fund for the fiscal year to exceed three percent (3%) of the State Board of Equalization General Revenue Fund certification for that fiscal year. Once the statutory limitation has been met, certifications and deposits will be made according to additional requirements and limitations of these sections of law.

\*Pursuant to Title 62, Section 34.102, Paragraph B, certified FY-2019 actual collections have exceeded the \$6,600,000,000 cap as referenced above. FEBRUARY DETERMINATION OF BASELINE  
Schedule 6**

Title 68, Section 2355 1B, added by laws 2007, SB 357, as amended by SB 1092, effective November 1, 2007, requires that the Board of Equalization, at the Constitutional meeting, "2. \*In compliance with Section 34.87 of Title 62 of the Oklahoma Statutes, the State Regents for Higher Education has adopted an estimate of \$70M for FY2021. The amount of money allocated from income tax revenue for FY2020 was \$77.3M, and for FY 2019 was \$76.8M. These amounts have been removed from the respective individual income tax numbers.

<sup>1</sup>Pursuant to House Bill 1014XX passed during the Second Special Session in 2017, amending Title 69, Section 1521 of the Oklahoma Highway Code, effective July 1, 2019, Motor Fuels Taxes enacted by HB1010XX and most Motor Vehicle Taxes currently distributed to the GRF are to be directed to the ROADS Fund and an equal amount of personal income tax currently diverted to the ROADS Fund will be redirected to the GRF. The ROADS Fund contribution from Motor Vehicle revenue, diesel fuel taxes, and gasoline fuel taxes for FY 2020 is projected to be \$194.1M, \$54.2M, and \$59.2M, respectively. FY 2021 is estimated to be \$196.5M, \$51.9M, and \$57.5M, respectively. The schedule reflects the decreased FY 2020 and FY 2021 Motor Vehicle revenue contribution to GRF and the offsetting increase in the personal income tax contribution to the GRF.

<sup>2</sup>Pursuant to HB1019XX passed during the Second Special Session in 2017, amending Title 68, Section 1403, the first \$20.5M in Use Taxes for FY 2020 and FY 2021, will be apportioned to the Education Reform Revolving Fund (1017). These amounts have been removed from respective GRF use tax numbers.

Representative Wallace moved to amend **SB 617**, Page 1, Section 1, Line 13 by deleting Sections 1 and 2 in their entirety and inserting in lieu thereof new Sections 1 and 2 to read as follows:

SECTION 1. AMENDATORY Section 1, Chapter 337, O.S.L. 2016, as last amended by Section 1, Chapter 516, O.S.L. 2019 (62 O.S. Supp. 2019, Section 34.102), is amended to read as follows:

Section 34.102 A. There is hereby created in the State Treasury a revolving fund to be known and designated as the "Revenue Stabilization Fund". The fund shall be a continuing fund, not subject to fiscal year limitations.

B. For determinations made regarding deposits for fiscal years beginning on or after July 1, 2019, no monies shall be deposited to the credit of the Revenue Stabilization Fund until such time as the amount of actual revenue certified by the State Board of Equalization as having been deposited into the General Revenue Fund for the first fiscal year prior to the beginning of the fiscal year that deposits to the Revenue Stabilization Fund are first made equals or exceeds Six Billion Six Hundred Million Dollars (\$6,600,000,000.00).

C. Once the provisions prescribed by subsection B of this section have been met, deposits to the Revenue Stabilization Fund as prescribed by this section may be made during any subsequent fiscal year according to the requirements and limitations imposed by this act; provided that no deposits shall be made during a fiscal year where the State Board of Equalization General Revenue Fund certification for said fiscal year is less than the State Board of Equalization General Revenue Fund certification for the previous fiscal year plus an increment equal to the amount otherwise calculated for deposit pursuant to subsection E of this section.

D. Notwithstanding any other provisions of this section, unless such deposits are the result of a direct appropriation to the Revenue Stabilization Fund by the Legislature, no monies shall be deposited to the credit of the Revenue Stabilization Fund:

1. For any month during a fiscal year after the month during which the declaration of a revenue failure pursuant to the provisions of Section 34.49 of this title has been made. For purposes of this subsection, the limitation on deposits to the Revenue Stabilization Fund shall be imposed for the remaining months of the fiscal year during which the revenue failure was declared, but shall not operate as a limitation upon deposits for any subsequent fiscal year unless a revenue failure is declared at some time during such fiscal year; or

2. That would cause deposits to the Revenue Stabilization Fund for the fiscal year to exceed three percent (3%) of the State Board of Equalization General Revenue Fund certification for that fiscal year.

E. Except as provided in subsection I of this section, the Revenue Stabilization Fund shall consist of:

1. One hundred percent (100%) of the revenue derived from the gross production tax on oil levied pursuant to Section 1001 of Title 68 of the Oklahoma Statutes which is in excess of the five-year average computed as prescribed by Section 34.103 of this title;

2. One hundred percent (100%) of the revenue derived from the gross production tax on natural gas levied pursuant to Section 1001 of Title 68 of the Oklahoma Statutes which is in excess of the five-year average computed as prescribed by Section 34.103 of this title;

3. Seventy-five percent (75%) of the revenue derived from corporate income tax levied pursuant to Section 2355 of Title 68 of the Oklahoma Statutes which is in excess of the five-year average computed as prescribed by Section 34.103 of this title; and

4. Any amounts appropriated by the Legislature.

F. ~~1.~~ 1. Except as provided in Paragraph 2 of this subsection, in the event that a revenue failure is declared with respect to the General Revenue Fund pursuant to Section 34.49 of this title, the Director of the Office of Management and Enterprise Services may withdraw up to one-quarter (1/4) of the balance of the Revenue Stabilization Fund available at the beginning of the fiscal year, provided the total amount withdrawn shall not exceed the amount of the declared revenue failure, to in equal proportions reduce or avoid reductions to agencies for the current fiscal year and to mitigate potential reductions of funds to be expended by common school districts which were appropriated or authorized by the Legislature, but excluding any funds which are apportioned directly to common school districts.

2. For the fiscal year ending June 30, 2020, in the event that a revenue failure is declared with respect to the General Revenue Fund pursuant to Section 34.49 of this title, the Director of the Office of Management and Enterprise Services may withdraw amounts up to a total of one-half (1/2) of the highest balance during the fiscal year ending June 30, 2020, of the Revenue Stabilization Fund, provided the total amount withdrawn shall not exceed the amount of the declared revenue failure less any appropriations made by the

Legislature to offset such revenue failure, to in equal proportions reduce or avoid reductions to agencies for the fiscal year and to mitigate potential reductions of funds to be expended by common school districts which were appropriated or authorized by the Legislature for the fiscal year ending June 30, 2020, but excluding any funds which are apportioned directly to common school districts. No monies shall be withdrawn under the provisions of this subsection, for the purpose of reducing or avoiding reductions of appropriations made pursuant to Section 129 of Enrolled House Bill No. 2765 of the 1st Session of the 57th Oklahoma Legislature or Section 1 of Enrolled Senate Bill No. 1076 of the 1st Session of the 57th Oklahoma Legislature.

G. In the event that a revenue failure is declared with respect to the General Revenue Fund pursuant to Section 34.49 of this title, the Legislature may appropriate up to one-quarter (1/4) of the balance of the Revenue Stabilization Fund available at the beginning of the fiscal year, not to exceed the amount of the revenue failure as declared with respect to the General Revenue Fund pursuant to Section 34.49 of this title.

H. If the amount of revenue certified by the State Board of Equalization at its February meeting in any year to be collected in the General Revenue Fund for the upcoming fiscal year is less than the amount of revenue certified by the State Board of Equalization to be collected in the General Revenue Fund for the current fiscal year as determined at its February meeting conducted in the preceding calendar year, the Legislature may appropriate up to one-half (1/2) of the balance of the Revenue Stabilization Fund available at the beginning of the fiscal year; provided, that the amount withdrawn shall not exceed the amount of the decline in revenue certified.

I. If during the Board of Equalization certification process, one or more of the revenue sources identified in Paragraphs 1, 2 and 3 of subsection E of this section are forecasted to experience a revenue decrease, then the total deposits to the Revenue Stabilization Fund as otherwise calculated under subsection E of this section shall be reduced in an amount equal to such revenue decreases. For purposes of this subsection, "revenue decrease" means an identified revenue source derived in an amount less than the five-year average for such revenue source.

SECTION 2. It being immediately necessary for the preservation of the public peace, health or safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval."; and by restoring the enacting clause and the title, which amendment was declared adopted.

re: Report from the Executive Director of the Oklahoma Tax Commission re projected State revenue for FY2021

Dear Speaker McCall and President Pro Tempore Treat:

At the Board of Equalization meeting today, the Executive Director of the Oklahoma Tax Commission presented revised estimates for revenues available from major tax sources to be apportioned for Fiscal Year 2021. Their best estimate, based on the impact of the COVID-19 economic downturn and resultant decrease in income and sales taxes, together with the significant drop in oil prices and the ensuing drop in gross production taxes, is that the State's revenues for the period ending June 30, 2021, will decrease approximately \$1,733,729,000 from impacts to major source collections, which will impact the General Revenue Fund negatively by approximately \$1,366,288,860.

In light of the extraordinary circumstances of the current COVID-19 global pandemic, we the Board believe it is important to point out that the February 18, 2020 certified general revenue numbers are no longer reliable for consideration of the state's fiscal plan for fiscal year 2021. We respectfully advise that the Legislature take into account the above information from the Oklahoma Tax Commission to properly adjust expectations of estimated revenue for planning purposes in crafting a budget for Fiscal Year 2021.

/s/ J. Kevin Stitt  
Governor of the State of Oklahoma and  
Chairman of the State Board of Equalization

State Board of Equalization  
State Capitol Building  
Oklahoma City, OK 73105

Members of the Board:

The Constitution of the State of Oklahoma, Article X, Section 23, as last amended November 2, 2010, provides in pertinent part:

7. Up to three-eighths (3/8) of the balance at the beginning of the current fiscal year in the Constitutional Reserve Fund may be appropriated for the current fiscal year if the State Board of Equalization determines that a revenue failure has occurred with respect to the General Revenue Fund of the State Treasury. In no event shall the amount of monies appropriated from the Constitutional Reserve Fund pursuant to this paragraph be in excess of the amount of the projected revenue failure in the General Revenue Fund, which total amount shall be computed by the State Board of Equalization, for the entire fiscal year.

...the Legislature shall provide that all appropriations shall be reduced to bring them within revenues actually collected, but all such reductions shall apply to each department, institution, board, commission or special appropriation made by the State Legislature in the ratio that its total appropriation for that fiscal year bears to the total of all appropriations from that fund for that fiscal year...

Statutory provisions of O.S. 62, § 34.49 further provides, in pertinent part:

F. In the event of a failure of revenue, the Director of the Office of Management and Enterprise Services shall control the allotment to prevent obligations being incurred in excess of the revenue to be collected. However, within each state fund where a revenue failure occurs, the Director of the Office of Management and Enterprise Services shall make all reductions apply to each state agency or special appropriation made by the State Legislature, in the ratio that its total appropriation for that fiscal year bears to the total of all appropriations for that fiscal year, as provided in Section 23 of Article X of the Oklahoma Constitution.

The Director of the Office of Management and Enterprise Services has complied with these provisions, and the following report has been prepared in accordance with the procedures set forth above and any additional statutory responsibilities required of the Board. It is respectfully submitted for your consideration.

Respectfully,

*Steven Harpe*

<sup>\*</sup>The amount of money allocated from income tax revenue for FY2020 was \$77.3M, which has been removed from the respective individual income tax numbers.

<sup>1</sup>Pursuant to House Bill 1014XX passed during the Second Special Session in 2017, amending Title 69, Section 1521 of the Oklahoma Highway Code, effective July 1, 2019, Motor Fuels Taxes enacted by HB1010XX and most Motor Vehicle Taxes previously distributed to the GRF are to be directed to the ROADS Fund and an equal amount of personal income tax currently diverted to the ROADS Fund will be redirected to the GRF. The ROADS Fund contributions from Motor Vehicle revenue, diesel fuel taxes, and gasoline fuel taxes for FY 2020 are projected to be \$194.1M, \$54.2M, and \$59.2M, respectively. This schedule reflects the decreased FY 2020 Motor Vehicle revenue contribution to GRF and the offsetting increase in the personal income tax contribution to the GRF.

<sup>2</sup>Pursuant to HB1019XX passed during the Second Special Session in 2017, amending Title 68, Section 1403, the first \$20.5M in Use Taxes will be apportioned to the Education Reform Revolving Fund (1017). This amount has been removed from GRF Use Tax numbers.

Advising of his approval of **HB 2744** on May 13, 2020.

Advising of his veto of **HB 2741** on May 13, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **2741**

By: Wallace of the House and Thompson of the Senate

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have vetoed House Bill **2741**.

House Bill **2741** would re-direct a percentage of revenue appropriated to the Teachers' Retirement System in FY 2021. In addition, it appears the legislature bypassed its own statutory procedural requirements by failing to obtain an actuarial analysis of this bill.

While I understand the importance of a balanced budget, it is improper to do so at the expense of the solvency of the Teachers' Retirement System, which has been greatly improved through the legislature's commitment to fiscally conservative policies. It is important we do not go backwards on the meaningful gains we have made. House Bill **2741** would add \$186,200,000 to the unfunded actuarial accrued liability, which was last reported as \$6,529,854,740.

Further, the redirection of monies necessary to pay tomorrow's obligations to fulfill the desires of today may negatively impact the state's bond rating, which would inflict long term damage.

For the aforementioned reasons, I have vetoed House Bill **2741**.

By the Governor of the State of Oklahoma

/s/ Kevin Stitt

Advising of his veto of **HB 2742** on May 13, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **2742**

By: Wallace of the House and Thompson of the Senate

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have vetoed House Bill **2742**.

House Bill **2742** would re-direct a percentage of revenue appropriated to the Oklahoma Firefighters Pension and Retirement Fund, Police Pension and Retirement System, and Law Enforcement Retirement Fund (the "Systems") in FY 2021. In addition, it appears the legislature bypassed its own statutory procedural requirements by failing to obtain an actuarial analysis of this bill.

While I understand the importance of a balanced budget, it is improper to do so at the expense of the solvency of the Systems, which have been greatly improved through the legislature's commitment to fiscally conservative policies. It is important we do not go backwards on the meaningful gains we have made. House Bill **2742** increases the unfunded actuarial accrued liability, which was last reported as \$6,529,854,740.

Further, the redirection of monies necessary to pay tomorrow's obligations to fulfill the desires of today may negatively impact the state's bond rating, which would inflict long term damage.

For the aforementioned reasons, I have vetoed House Bill **2742**.

By the Governor of the State of Oklahoma

/s/ Kevin Stitt

Advising of his veto of **HB 2743** on May 13, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **2743**

By: Wallace of the House and Thompson of the Senate

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have vetoed House Bill **2743**.

House Bill **2743** would pull \$180,000,000 away from the Rebuilding Oklahoma Access and Driver Safety (ROADS) Fund. This has the potential to cause significant delays in many of the critical infrastructure projects supported by the ROADS Fund, thereby jeopardizing the progress made by the Oklahoma Department of Transportation's Eight Year Plan.

As Governor, my goal is for Oklahoma to become a Top Ten State. This includes becoming Top Ten in infrastructure, specifically in roads and bridges. House Bill **2743** would force ODOT to unnecessarily take on additional debt through the use of bonds. Because of the State's dedication to the ODOT plan, we are now up to 13th in bridges and improving our roads.

I understand and agree with the use of bonds in limited circumstances. In fact, I previously supported the use of bonds to expedite ODOT projects. However, I cannot support the use of bonds to plug budget holes.

For the aforementioned reasons, I have vetoed House Bill **2743**.

By the Governor of the State of Oklahoma

/s/ Kevin Stitt

Advising of his approval of **HBs 1282, 2504, 2588, 2740, 2777, 2905, 3251, 3270 and 3271** on May 18, 2020.

Advising of his veto of **HB 2749** on May 18, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **2749**

By: Wallace of the House and Thompson of the Senate

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have vetoed House Bill **2749**.

House Bill **2749** would place a cap of Six Hundred Seventy-One Million Two Hundred Thousand Dollars (\$671,200,000.00) on state matching monies utilized for the creation of endowment accounts in the Oklahoma State Regents' Endowment Trust Fund. The Trust Fund is a permanent fund established to support the establishment of faculty chairs, professorships and lectureships at institutions within the higher education system. In the current fiscal year Higher Education was appropriated \$802,070,058 and will be appropriated \$770,414,742 in FY 2021. Since the State began matching these donations, approximately \$500,000,000 has been matched with no input from the legislature or Governor as to what types of chairs and professorships would be matched.

Instead of simply placing a cap, the more fiscally responsible course would be to eliminate matching monies all together.

For the aforementioned reasons, I have vetoed House Bill **2749**.

By the Governor of the State of Oklahoma

/s/ Kevin Stitt

Advising of his veto of **HB 2750** on May 18, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **2750**

By: Wallace of the House and Thompson of the Senate

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have vetoed House Bill **2750**.

House Bill **2750** would more than double the amount of obligations the Oklahoma Capitol Improvement Authority is authorized to issue and sell to fund the state's matching contribution to the Oklahoma State Regents' Endowment Trust Fund. The previous amount of authorized obligations was increased to \$150,000,000.00 in 2010. The principal amount outstanding is \$93,130,000.

The funds from the sale of these obligations have been used for funding important positions like Chairs in Cancer Research, Animal Science, and Engineering. I absolutely encourage and admire private donors who fund these types of positions, however requiring the State of Oklahoma to continue to match those private donations is unsustainable.

For the aforementioned reasons, I have vetoed House Bill **2750**.

By the Governor of the State of Oklahoma

/s/ Kevin Stitt

Advising of his veto of **HB 2760** on May 18, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **2760**

By: Wallace of the House and Thompson of the Senate

This is to advise you that on this date pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have vetoed House Bill **2760**.

House Bill **2760** reduces the total amount of credits offered under the Affordable Housing Tax Credit from \$4,000,000 to \$2,000,000. My office has received numerous phone calls and emails from constituents across the state expressing concern about the implications of this bill. The effective date of this legislation is retroactive, and thus negatively affects projects currently under contract for this year. Furthermore, due to the nature of these projects and the way the credit works, our state would not see financial return until FY2023.

I support and advocate for comprehensive tax policy reform in our State. We must have a larger conversation about overhauling Oklahoma's tax policy towards diversification and long-term sustainability. However, during an economic downturn, we should not single out winners and losers, but tackle broad and meaningful reform. I look forward to working with the legislature in the future to accomplish this much needed task.

For the aforementioned reasons, I have vetoed House Bill **2760**.

#### MESSAGES FROM THE GOVERNOR

Advising of his approval of **HBs 1799, 2804, 2877, 3223, 3242, 3398, 3466, 3613, 3619, 3806, 3862, 3864, 3889, 3938, 3939, 3963, and 4025** on May 19, 2020.

Advising of his veto of **HB 3663** on May 19, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **3663**

By: Kannady of the House and Hall of the Senate

This is to advise you that on this date pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have vetoed House Bill **3663**.

House Bill **3663** will limit the Oklahoma Tax Commission's (OTC) authority to remove Oklahoma Motor Vehicle Agents (Tag Agents). In the state of Oklahoma, Tag Agents are appointed by the OTC and serve as independent contractors. In the last 15 years, 16 tag agents have been removed. That represents an average of one per year, less than four-tenths of one percent of all agents. There is no evidence that the OTC has been removing agents without cause. The provisions of this bill would restrict the ability of a state agency to

determine if a contractor should be permitted to continue to work to deliver services. This greatly restricts the State's ability to ensure that the best people are delivering services to Oklahomans.

Based on the language of this bill, even if the OTC received numerous complaints about the behavior or customer service of an agent, as long as the agent meets minimum requirements, the OTC would have limited authority to remove that agent. In addition, the creation of a new unnecessary bureaucratic procedure would result in unwanted legal fees on the backs of taxpayers. It is important that my administration have the ability to weed out bad actors, ensuring the best possible customer service from Tag Agents for all 4 million Oklahomans.

For the aforementioned reasons, I have vetoed House Bill **3663**.

By the Governor of the State of Oklahoma

/s/ Kevin Stitt

Advising of his veto of **HB 3819** on May 19, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **3819**

By: McCall of the House and Treat of the Senate

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have vetoed House Bill **3819**.

House Bill **3819** would require any contract or agreement by any state office, officer, bureau, board, council, court, commission, institution, unit, division, body or house of the executive or judicial branches be open for inspection to any member of the Legislature. It would also prohibit any of the above listed individuals and entities from prohibiting any person or entity from contacting or communicating with any member of the legislature.

Currently, members of the Legislature, like all Oklahomans, have access to contracts made by the Executive branch through the Open Records Act. Legislators also have the ability to obtain contracts, including those which may have confidential information, through the Legislative Office of Fiscal Transparency ("LOFT"). Further, the Executive and Judicial Branches are already required to make personnel available to LOFT and, if necessary,

LOFT has the authority to conduct hearings, compel witnesses to testify and require the production of information.

As written, House Bill **3819** does not require that any information made confidential by law be maintained in confidence by the requesting legislator. It also provides no protection to the integrity of grand juries and internal and external civil and criminal investigations conducted by various agencies. Lastly, while mandating contracts and employees of the Executive and Judicial branches be available to members of the Legislative branch, there is no such requirement for contracts by and employees of the Legislature.

For the aforementioned reasons, I have vetoed House Bill **3819**.

By the Governor of the State of Oklahoma

Advising of his veto of **HB 3824** on May 19, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **3824**

By: McCall of the House and Montgomery of the Senate

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have vetoed House Bill **3824**.

Oversight and accountability have remained a top priority to me and my administration as it is crucial that state government remain accountable for taxpayer dollars. State agencies, as well as the Legislative and Judicial branches, are called to manage those dollars in a responsible and efficient manner. This is why our state entities are appropriated funds to pay for services they consume and provide.

House Bill **3824** would exempt the Legislative and Judicial branches from fees and costs of services rendered by appropriated state agencies. While I understand the Legislature and Judiciary provide vital functions to the state, this specific exemption is shifting responsibility from one state entity to another, while all other state entities are required to manage their own costs of services directly. In addition, House Bill **3824** contains no language guaranteeing additional appropriation to cover the cost of services to be provided to the Legislature and Judiciary, which could result in a costly negative fiscal impact in the

future. This is an unnecessary shift in responsibility with no statutory guarantee of future appropriations to those providing the services.

For the aforementioned reasons, I have vetoed House Bill **3824**.

By the Governor of the State of Oklahoma

Advising of his veto of **HB 4018** on May 19, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **4018**

By: McCall of the House and Leewright of the Senate

This is to advise you that on this date pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have vetoed House Bill **4018**.

House Bill **4018** enacts the Oklahoma Rural Broadband Development Act and calls for the creation of a Rural Broadband Expansion Council to be funded through the Digital Transformation Revolving Fund, which was not funded for FY 21, and will have a zero balance.

Digital Transformation and bringing Oklahoma into the 21<sup>st</sup> century has been a top priority for my administration. Last year, The Secretary of Digital Transformation created a Broadband task force and brought together stakeholders to focus on improving broadband in our state. Since that time, our administration has moved from being ranked 47<sup>th</sup> to being ranked 26<sup>th</sup> in broadband, a 45% increase. It is important to bring together all key players to collaborate and continue to improve our state's outcomes in broadband. My office has included key stakeholders in these discussions and invited legislators to attend. Our current Broadband task force is yielding great results, and the need for another task force is unnecessary and redundant. This is a duplication of work, expertise and expense.

For the aforementioned reasons, I have vetoed House Bill **4018**.

By the Governor of the State of Oklahoma

/s/ Kevin Stitt

Advising of his veto of **HB 4049** on May 19, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **4049**

By: McCall of the House and Bullard of the Senate

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have vetoed House Bill **4049**.

Digitally transforming state government into the 21<sup>st</sup> Century is a primary focus of my administration. When I took office, our team found numerous agencies across state government still using old and outdated systems. My vision for Oklahoma is to one day offer all state services conveniently through an application on mobile devices. As my administration has worked towards this goal, we have encountered bureaucratic red tape and statutory barriers which prevent these innovative processes.

House Bill **4049** would remove the Oklahoma Tax Commission's ability to operate an online portal for motor vehicle registration and mandates that their online system direct customers to motor license agents. Instead of an Oklahoman being able to quickly choose to renew a vehicle tag online and have the Oklahoma Tax Commission promptly handle their request, the consumer would have to select a motor license agent to handle the online claim. This mandate not only creates a burdensome step for the consumer, but it creates an additional fee. I cannot support legislation that creates new burdens for consumers while working to reduce the current barriers that exist.

While I agree motor license agents play a key role in delivering services to Oklahomans, this measure would only create more statutory barriers to digitally transforming state services. As the COVID pandemic demonstrated, the need for services to be accessed remotely and electronically has never been greater. This bill would adversely affect Oklahoma and inconvenience its citizens. It is important that we continue to transform our archaic systems for the benefit of all taxpaying Oklahomans.

For the aforementioned reasons, I have vetoed House Bill **4049**.

**MESSAGES FROM THE GOVERNOR**

Advising of his approval of **HBs 1349, 2008, 2668, 2871, 3068, 3400, 4153, 4154, 4155, 4157, 4158** and **HJR 1028** on May 20, 2020.

Advising of his line item veto of **HB 4160** on May 20, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **4160**

By: Wallace of the House and Thompson of the Senate

This is to advise you that on this date, pursuant to the authority vested in me by Section 12 of Article VI of the Oklahoma Constitution to approve or disapprove any appropriation bills, or any item therein contained, I have **VETOED SECTION 2, IN ITS ENTIRETY, of HOUSE BILL 4160.**

Section 2 requires that funds budgeted for the offender management system during the fiscal year ending in June 30, 2020, be used for the equalization of employee pay scales within private contracted correctional facilities. The bill authorizes the use of \$1,152,871.00 of offender management system funds.

The state is not contractually obligated to increase private correctional facilities pay scales. In addition, the funds proposed to be used are dedicated to the purpose of the state offender management system. The offender management system is a critical component of our correctional operations as it serves as the centralized source of offender information for staff, the public, and numerous state and federal agencies.

Therefore, I have **VETOED** Section 2, in its entirety, in House Bill **4160.**

Advising of his veto of **HB 3228** on May 21, 2020. The veto message reads as follows:

To the Honorable Speaker of the House  
and Members of the House of Representatives  
Second Regular Session, Fifty-seventh Oklahoma Legislature

Enrolled House Bill No. **3228**

By: Echols of the House and Standridge of the Senate

This is to advise you that on this date pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have vetoed House Bill **3228**.

House Bill **3228** is a lengthy bill that alters Oklahoma's medical marijuana program. The language in the bill makes substantial policy changes to the medical marijuana program that were not fully scrutinized through normal legislative procedures before the bill was received by my office in the middle of the night Saturday. While there is much room for improvement in the way our state's program operates, this bill does not address those items in a way I can support.

For the aforementioned reasons, I have vetoed House Bill **3228**.
