The Speaker addressed the House. Upon unanimous consent request of Representative Pfeiffer the remarks of Speaker McCall were ordered printed in full as follows:

Thank you. Those were such nice nomination speeches. Thank you Representative Hilbert and Representative Baker for your kind words. In full disclosure, I am far from perfect and flawed. Thank you to the people of House District 22 for this fifth term in office.

You can only be an effective House member with the support of family. It doesn’t matter if you’re Speaker, what party you’re in or how long you’ve been here. Family means everything, and they sacrifice so we can serve. My family is here today and I would not be here today if not for them. Thank you to my wife, Stephanie, a cancer survivor and the glue that makes it all work for our family and my public service. My son Chase is in his third year at the University of Oklahoma. My son Carson is a senior at Atoka High School, the president of the local FFA, and has been accepted to both OU and OSU!

I have great news. Are you ready? 2020 is over! If I can’t get applause for that, I won’t get applause for anything. 2020 is done, and that feels good. But 2020 being over does not mean our challenges as a state and nation are over. We have many challenges ahead of us.

They will demand the best of each of us. To do that, the House must function in a unified, positive, stately manner. That's what our constituents need and expect always, and especially in times like these. Civility and respect have been my guiding principles since you gave me the privilege of becoming your Speaker five years ago. They will continue to be my principles on your behalf, and the Speaker's office will continue to work on your behalf through a bottom up model driven by all your voices. And we need to hear all your voices this year. Everyone's contributions can help us accomplish a lot together to produce a positive session. Pandemics, budgets and tricky policies can't stop us from being positive. Only we can control that. I am choosing to approach this session with a positive attitude, and if we can all adopt that approach, we are going to do right by our constituents and overcome challenges.

This is not the first year the Oklahoma House of Representatives has faced challenges. Oklahoma has persevered before. The House of Representatives has persevered before. In 1917, the House was in session as construction wrapped up on this beautiful Capitol building. If you can remember history class, you remember 1917 was the year the United States entered World War I. There were legitimate worries this building – in its early years in service to the people of Oklahoma – might be attacked if there was an invasion of the continental United States. Cannons were placed on the south plaza for protection. Those tense times tempered the mood of the first House sessions in this chamber, but House members then did not let it deter them. They stayed functional and governed the state as the Constitution required. On January 7, 1919, the Oklahoma House was convened in this very chamber at the tail end of – you guessed it – a global pandemic. Interestingly enough, the last pandemic had its domestic origins not far from here, in Fort Riley, Kansas. In March of 1918, about 100 military members there became infected with a strange flu. It turned out to be the first American cases of the Spanish flu that caused the last global pandemic just over 100 years ago. That pandemic lasted more than a year, and the Oklahoma House and almost every deliberative body in this country and across the world did their parts to confront it. The Oklahoma House then could not stop the pandemic, just as this House cannot stop it now, but our predecessors then met and did what they could and should to responsibly protect Oklahoma. The Oklahoma House persevered then, and will do so again. In 1935, the Oklahoma House was convened amid the Great Recession. Financial markets nationally were shot. In the Panhandle on April 14, 1935, Oklahoma experienced the famous “Black Sunday.” The dust storms were so bad it looked like night during the day. They spread across much of western Oklahoma, making the challenges the national financial collapse posed to Oklahoma even worse. Oklahoma faced two serious challenges back then, with the national Great Depression and the local Dust Bowl. We have our own dual challenges today, with the international pandemic and the local effects of the oil and gas market slump. House members in 1935 did what they had to do in those trying times. And they persevered. So will we. We have many times before. On the first day of session in 1943, a little more than a year after the bombing of Pearl Harbor, the Oklahoma House passed a resolution commending the President and Congress for progress made in World War II. The next week, the House was in session when President Franklin D. Roosevelt and British Prime Minister Winston Churchill demanded Germany's surrender in World War II, and began planning the Allied Invasion of Sicily. Even amid that uncertainty, the Oklahoma House was doing its work. In 1995, the House was about to enter session in this room when a bomb exploded in downtown Oklahoma City, destroying the Alfred P. Murrah federal building and claiming 168 lives. In 2013, the House was in session when an F-5 tornado hit Moore. Some of you were here that day, and you'll remember the House did its part and

passed emergency relief funds immediately that were sorely needed. There are countless other examples of challenges overcome, including last year, when we were in session when the pandemic arrived. We left this building for seven weeks, but never stopped working for our constituents, and we returned to do what needed to be done to keep government functional. My point is: We will do this. Our predecessors pushed through the challenges they inherited. We already have, and we will again. I know the talent and leadership in this room is up to the task and then some.

In some ways, the 2021 legislative session may feel like a baseball doubleheader. As in any session, legislators will file new bills for 2021 reflecting their district priorities and pressing issues of the day. We are going to work on big education reform this year in a way that is equitable to all parts of the state, whether rural or urban. Good policy works everywhere.

- We are going to continue addressing rural broadband.
- We are going to keep stabilizing the budget, and building a better tax code that promotes growth and lets earners keep more of their money.
- We are going to help our businesses stay open, recover and thrive.
- We are going to protect and improve our Oklahoma healthcare system.
- And we are going to uphold and protect the Oklahoma Constitution from infringement by special interests and others who don't have Oklahoma's best interests in mind.

The pandemic is not going to stop any of this necessary work. The doubleheader comes into play because a lot of you, myself included, are going to refile bills sidelined last year by the pandemic. A lot of good bills that had to be put aside are going to get done this year. Having 2020 and 2021 priorities combined into one year means an extra level of action, all in one doubleheader legislative session.

We are up to the challenge. I view it positively. This is a chance once again to be incredibly productive and impress our constituents. Despite the pandemic, this body, the House, recently had an approval rating that was its highest level in recent memory, at 69%. For a legislative chamber, that's really high. Let's continue to show people what leadership looks like. Let's conduct ourselves in a manner befitting of the moment. Let's not forget the history we are making, because that history will not forget how we handle ourselves, just as it has not forgotten the good men and women who met in this chamber before us and rose to the occasion. I look forward to making history with you all. Thank you for the honor to serve as your Speaker. We have a lot to do together. We are one House and one Oklahoma! God bless Oklahoma and the great people within it.

Speaker McCall Presiding**ELECTION OF SPEAKER PRO TEMPORE**

Speaker McCall announced the nominations for Speaker Pro Tempore were in order.

Representative Boatman nominated Representative O'Donnell for Speaker Pro Tempore of the House, which motion was seconded by Representative Humphrey.

Representative Bennett nominated Representative Goodwin for Speaker Pro Tempore of the House, which motion was seconded by Representative Munson.

Representative Roberts (Dustin) moved that nominations for Speaker Pro Tempore cease, which motion was declared adopted.

Speaker McCall put the question: "Shall the Honorable Terry O'Donnell or the Honorable Regina Goodwin be elected Speaker Pro Tempore of the House of Representatives for the Fifty-eighth Legislature?"

The roll was ordered called and resulted as follows:

O'Donnell: Baker, Bashore, Boatman, Boles, Burns, Bush, Caldwell (Chad), Caldwell (Trey), Conley, Cornwell, Crosswhite Hader, Culver, Davis, Dempsey, Dills, Dobrinski, Echols, Fetgatter, Ford, Frix, Gann, Grego, Hardin (David), Hardin (Tommy), Hasenbeck, Hilbert, Hill, Humphrey, Johns, Kannady, Kendrix, Kerbs, Lawson, Lepak, Lowe (Dick), Luttrell, Manger, Marti, Martinez, May, McBride, McDugle, McEntire, Miller, Mize, Moore, Newton, Nollan, O'Donnell, Olsen, Osburn, Pae, Patzkowsky, Pfeiffer, Phillips, Randleman, Roberts (Dustin), Roberts (Eric), Roberts (Sean), Roe, Russ, Sims, Smith, Sneed, Stark, Steagall, Stearman, Sterling, Stinson, Strom, Talley, Townley, Vancuren, Wallace, West (Josh), West (Kevin), West (Rick), West (Tammy), Williams, Wolfley, Worthen, Mr. Speaker. –82.

Goodwin: Bell, Bennett, Blancett, Brewer, Fugate, Goodwin, Munson, Nichols, Pittman, Provenzano, Ranson, Rosecrants, Virgin, Waldron, Walke. – 15.

Excused: Cruz, Dollens, Lowe (Jason), Turner. – 4.

Speaker McCall declared Representative O'Donnell elected Speaker Pro Tempore of the House of Representatives for the Fifty-eighth Oklahoma Legislature and appointed Representatives Boles, Caldwell (Trey), Hill, Marti, Martinez, Mize, Newton and West (Kevin) to escort Speaker Pro Tempore-elect O'Donnell to the rostrum where he was administered the Oath of Office as Speaker Pro Tempore by Oklahoma Supreme Court Justice Dustin Rowe.

Speaker Pro Tempore O'Donnell addressed the House.

Upon unanimous consent request of Representative Pfeiffer the remarks of Speaker Pro Tempore O'Donnell were ordered printed in full as follows:

Thank you Mr. Speaker. The Speaker and I came into the House together and we have had more than a few noteworthy experiences during that time. I have seen our state take gigantic steps forward during his tenure, and his leadership has been felt through a number of noteworthy success including:

- Historic teacher pay raises
- Balancing budgets despite large deficits
- Passing Constitutional Carry
- Establishing LOFT and approving the first COLA for state retirees in 12 years

However, if you ask him about any of these accomplishments, he will immediately point to the hard work and dedication of the members of this body. Ronald Reagan once said, "The greatest leader is not necessarily the one who does the greatest things. He is the one that gets the people to do the greatest things." I think we would all agree that your leadership has been an inspiration Mr. Speaker, and we are ready to get back to work alongside you this session.

I would now like to say a few thank you's before giving some brief remarks about our shared goals for the legislative session. First, I would like to thank my constituents for electing me to another term as State Representative. Over the past 8 years, I have worked hard on behalf of District 23, and I look forward to continuing that good work this session.

Thank you Chief Justice Rowe for your part in today's proceedings. We have recently been through a year unlike any other, so any aspect of tradition or normalcy that we can retain is greatly appreciated.

I would next like to thank the great house staff members that have made today possible. My personal legislative assistant, Kathy Hubbart, as well as our shared House staff have been working around the clock to make sure we were ready for today and the upcoming session, and they deserve applause for their diligent work.

Thank you Representatives Boatman and Humphrey for formally nominating me today. Additionally, thank you, Caucus members, for your show of support. I am honored that you would put your faith in me, and as Speaker Pro Tempore, I hope to provide leadership and support for each of you as we set forth to do good work on behalf of the citizens of Oklahoma.

Last, but definitely not least, I would like to thank my wife Teresa and my family for their love, prayers and encouragement, not only during my time in the Legislature, but through all the seasons of my life.

We have all, in part, chosen to become public servants to make life better for our families and by extension all the families of Oklahoma. Thank you again to my family for always standing with me throughout this journey.

Vince Lombardi, the Hall of Fame, championship-winning coach of the Green Bay Packers, was known for not only his coaching prowess, but also the inspirational speeches he would give to his players before games. He once said, "Individual commitment to a group effort – that is what makes a team work, a company work, a society work, a

civilization work.” I would add to that statement that individual commitment to a group effort is also what makes a legislative body work.

I believe that the issues that are going to confront us during these next few months cross party lines. The media constantly tell us that we are moving the State either left or right, but I submit to you today that is not the case at all. In this chamber, we are either moving the State up or down! Every piece of legislation considered on this floor should be evaluated in that light. Special interest groups and career bureaucrats with their own agendas are hoping to take advantage of partisan fractures and keep Oklahoma from moving up, but we must be willing to unite and focus on issues that we ALL agree need work. I would like to touch on just three of those issues today.

First, education. Under the Speaker’s leadership, we have passed historic legislation to raise teacher pay with the promise of improving student outcomes. The teacher pay raises were delivered as promised, but we have a long way to go to improve student outcomes in our urban schools. Let me be clear, education should be about the kids, NOT money. We need to reexamine our public education system, find what is broken, and fix it or move on from it. We must continue to make education funding, with appropriate oversight and accountability, a priority, but the spending should make sense. We need to restore discipline and order in our urban schools, and students and parents need a public school option. If you think back to your days in grade school, you will most likely remember your best teachers to be those who were firm, but fair, not those who let the kids control the classroom. Our students are looking for leadership, and we need to empower our teachers to provide that firm, but fair guidance that will pay dividends for our kids in the future. Throughout this process, we should incentivize district efficiencies and community based programming as well as encourage shared resources. We should also determine how the students of today best learn the material, and adjust classroom settings to fit those unique skillsets. The students of today are not the same as we were. Today’s young people are surrounded by screens and process information at a much faster pace than we did growing up, so why then would we continue to try and make them learn the same way we did? We must allow teachers to innovate in the classroom, and adapt to the ever-changing needs of our students. Solutions to problems with our education system ARE there to be found, but we need to be creative enough, and brave enough to follow the right course of action to ensure the educational future of our students.

Ensuring that future also depends heavily on increasing statewide access to broadband. Oklahoma is currently ranked as the 26th most connected state, and while that is OK, it is not good enough. There is a large divide between access in our larger cities and our rural areas, with thousands reporting that they have no internet connection at all. As schools and businesses have conducted work virtually for most of the last year, these disparities have become more apparent and they need to be addressed. Not only would rural broadband increase student access to quality educational materials, but it would also increase the likelihood of new businesses investing in rural areas. Let’s face it, we live in a connected world, and to keep up, we need to modernize. The Oklahoma Broadband Mapping Project has done a good job during the past ten years working to get all of Oklahoma connected, but we can and must do more to speed up the process. I would argue that getting quality broadband connectivity to our rural areas is as important now as getting electricity to them was in the 1930’s. It is time for us to turn on the lights.

Finally, something connected to both of these areas is the issue of workforce training. The number one question any business asks when they are looking to invest in our state is; do you have a skilled workforce to fill the positions we will create? Sometimes the answer

is yes, but not often enough. We need to create an environment in our state that is attractive to businesses and we can do that by providing greater workforce training opportunities for Oklahomans. We need to decrease government red tape that creates barriers to entry and work to facilitate partnerships between industry and our career and technology training centers. Broadband connectivity in our rural areas is critical to help them be competitive in the selection process. With our low cost of living, and business friendly policies, the sky is the limit for the amount of companies we can attract if our entire state has reliable broadband connectivity. Businesses are currently fleeing the coasts for the freedom and opportunity of the Midwest. We must provide additional funding and support for attracting those businesses to Oklahoma. An investment in getting them here now, will pay dividends far into the future. Our students are looking for jobs, and companies are looking for workers. By creating a pipeline between the two, we set our state up for success.

As we come out of the pandemic we have experienced during the last year, we need to ensure Oklahomans that our state’s best days are ahead of us. The thing Oklahoma has to fear is not an economic depression, but rather a depression of the Oklahoma spirit. The same spirit that has carried us through a number of trials and tribulations will carry us through our current hardships. The economy of January and February 2020 was just a start, and the groundwork has been laid for a bright and beautiful future. If we can set aside partisan divides, and work together for the betterment of our state, we will see success like Oklahoma has never known before. Let us search for common ground, unite in common purpose and individually commit to the group effort of working for Oklahoma. Thank you.

(d) In case of a chairperson's absence, the vice-chairperson shall assume all duties of the chairperson until the chairperson's return or replacement.

(e) The chairperson shall cause to be created an official report recording the ayes and the nays as required by Rule 7.7.

(f) No person shall address the committee or subcommittee unless first recognized by the chairperson for that purpose and no persons other than members of the House shall be recognized to offer debate.

(g) All motions offered in a committee or a subcommittee meeting shall require a second to receive further consideration.

(h) A committee or subcommittee may only take up bills or resolutions for consideration if a quorum of the committee or subcommittee is present. A quorum is a majority of the members of the committee or subcommittee, excluding the ex officio members of the committee or subcommittee, but the ex officio members may count toward the presence of a quorum in a committee or its subcommittees.

(i) When a bill or resolution is taken up for consideration, the principal House author or another member designated by the principal House author shall be recognized for explanation of the bill or resolution if he or she so desires. In the event the chairperson of the committee is presenting the measure under consideration, the chairperson shall not also preside over the committee while his or her bill or resolution is under consideration.

(j) The House author shall be given the opportunity to answer questions put by members of the committee or other persons recognized by the chairperson.

(k) The chairperson shall provide opportunity for presentation of amendments to the bill or resolution by the House author, any member of the committee, or any other member of the House, as governed by Rule 7.6.

(l) Amendments shall be considered in the order they appear in the bill or resolution, or in the order they are presented to the committee. The chairperson shall resolve any conflict resulting from claimed priority of presentation.

(m) The author of an amendment shall explain the amendment and be afforded the opportunity to answer questions about the amendment put by members of the committee, the author of the bill or resolution, or other persons recognized by the chairperson.

(n) The chairperson may recognize any person for comment on the proposed legislation or amendments thereto. The chairperson may limit the amount of time for any such comment.

(o) Any questions of procedure not provided for within these Rules shall be governed by the ruling of the chairperson. In making his or her ruling, the chairperson shall rely upon the latest edition of Mason's Manual of Legislative Procedure. Where a conflict exists between a provision within these Rules and a provision within Mason's Manual of Legislative Procedure, the House Rule shall control.

(p) Any member may rise to a point of order against any other member when, in the member's opinion, such member is proceeding out of order. The member raising the point of order must cite the specific rule the member believes is in conflict. Such point of order shall be decided by the presiding officer without debate.

(q) The decisions of the Chair on questions of procedure and points of order shall be subject to appeal as follows:

1. an appeal must be lodged immediately;
2. an appeal shall not be raised by anyone other than a member of the committee or subcommittee wherein such a question arises;
3. an appeal must be seconded by two other members of the committee or subcommittee to receive further consideration;
4. all appeals shall be decided without debate, except that the member taking said appeal shall be afforded one (1) minute in which to state the reasons for the member's appeal and the Chair may state the reasons for the Chair's decision; and
5. no ruling of the Chair shall be overturned except upon a majority of the members of the committee or subcommittee voting in the negative upon the question: "Shall the decision of the Chair be the decision of the committee [or subcommittee]".

(r) The chairperson of a full committee may refer to a subcommittee or reassign from a subcommittee any legislation, proposal or inquiry; provided, however, no subcommittee shall be permitted to report directly to the House, but rather shall report to the full committee.

(s) Except for legislation recommended by the Appropriations and Budget Committee, all legislation originating in the House which is recommended by a committee to the full House shall contain a complete Title and an Enacting or Resolving Clause.

(t) The committee or subcommittee chairperson shall sign all reports required or permitted by these Rules. The committee chairperson shall sign all subpoenas as permitted by Rule 7.13, but shall not sign any subpoena prior to signature by the Speaker of the House.

7.5 – Notice of Meetings

(a) All committees and subcommittees shall provide at least forty-eight (48) hours notice of a meeting. Notice of the meeting shall be published through an appropriate public medium such as the House website or electronic mail, unless notice requirement is waived by the Speaker.

(b) A notice shall state the date, time, and place of a meeting and shall include a listing and sufficient title for identification of any and all bills to be considered by the committee or subcommittee holding the meeting. The measure's principal author and the members of the committee or subcommittee shall be provided separate notice.

(c) If a committee or subcommittee is scheduled for a regular meeting, but does not plan to meet, a notice stating that no meeting is to be held shall be posted.

(d) Bills or resolutions published on a meeting notice but not considered shall not be taken up in a subsequent committee meeting unless said bills or resolutions are listed on the meeting notice announcing the items of business to be considered in the later meeting.

7.6 – Amendments

(a) Committees and subcommittees may only consider amendments presented in final written form prior to adoption.

(b) Any member of the House may offer an amendment to any bill or resolution being considered by any committee or subcommittee and shall be recognized to introduce the amendment. If not a member of the committee or subcommittee, a member who offers an amendment must comply with the amendment filing deadline of this Rule and be present at the meeting at which the amendment is considered. If the member is not present, the amendment may only be considered if taken up and offered by a member of the committee or subcommittee.

(c) Any member offering an amendment, including a member of the committee or subcommittee, must submit the proposed amendment in electronic form to the chairperson by 4:30 p.m. the legislative day before the meeting of the committee or subcommittee. The chairperson may, at his or her discretion, waive or set a later deadline than contained in this Rule.

(d) Amendments offered to any House bill or resolution under consideration by a committee or subcommittee shall be germane to the subject of the introduced bill or resolution. Amendments offered to any Senate bill or resolution under consideration by a committee or subcommittee shall be germane to the subject of the engrossed version of the Senate bill or resolution.

(e) When considering a measure section by section, a motion to strike a section when such section is under individual consideration shall not be subject to the time constraints established by this Rule for consideration of committee amendments.

(f) When considering a measure section by section, the Title or Enacting or Resolving Clause of a bill or joint resolution may not be stricken except as provided in Rule 7.4(s).

(g) Amendments approved by any committee shall be incorporated into the bill or resolution the same as if included in the introduced bill or resolution.

7.7 – Voting

(a) All votes in committees or subcommittees shall be conducted in open public meetings of that committee, except that two-thirds (2/3) of the members of any standing or special committee, including ex officio members, may report a bill or resolution out of committee by signing a written report. If a written report is prepared by a member other than the chairperson of the committee, a written notice that a report is being prepared shall be given to the chairperson prior to the circulation of the report for signatures.

(b) Only the vote on recommendation for final passage out of committee to the full House concerning a bill or resolution shall be by recorded vote. Recommendation for final passage out of committee shall require a majority vote of a quorum of the members of the committee.

(c) As used in this section, "recommendation for final passage out of committee" means a "Do Pass," "Do Pass as Amended," or a "Do Not Pass" motion. A "Do Pass" motion takes precedence over any other motions for final passage.

(d) Only those committee members present may vote on any matter. No person shall cast a vote on behalf of any committee member eligible to vote in any House committee.

7.8 – Committee Recommendations

(a) When any committee returns a bill or resolution with the recommendation of "Do Pass" or "Do Pass as Amended," the bill or resolution shall be published on the House Calendar in numerical order by bill or resolution number under the heading "Bills on General Order" or "Joint Resolutions on General Order".

(b) If a committee does not return a bill or resolution with the recommendation of either "Do Pass," "Do Pass as Amended," or "Do Not Pass," the bill or resolution shall remain the property of the committee, unless the bill or resolution is placed directly on the House Calendar by the Speaker or is discharged pursuant to Rule 7.7 or 7.12.

7.9 – Final Action

When any committee returns a bill or resolution with the recommendation of "Do Not Pass," this shall constitute final action only if the recommendation was adopted by a majority of the members of the committee.

7.10 – Petition for Committee Hearing

(a) After assignment to a standing or special committee, the principal author of a bill or resolution shall be entitled to have such bill or joint resolution considered by a vote of the committee at least four (4) legislative days prior to the final date for Third Reading in either regular session. Such a petition must be electronically signed by a majority of the members of the committee. Ex officio members of a committee may electronically sign such petitions and shall count towards the necessary signatures as required by this section.

(b) The petitions provided for by this section shall be electronically submitted to the Clerk of the House. The Clerk shall determine if the petition contains the necessary signatures. If the petition contains the necessary signatures, the Clerk shall forward the petition to the appropriate committee chair.

7.11 – Bill Summary

(a) All bills and joint resolutions shall be accompanied by a bill summary and, if adoption of the measure will have a fiscal impact, including the affecting of revenues, expenditures or fiscal liability, the summary shall contain a fiscal analysis. The bill summary shall include a description of any repealers contained in a bill or joint resolution. The fiscal analysis contained within a bill summary shall state the estimated increase or decrease in revenues or expenditures and the present and future fiscal implications of the bill, if applicable.

(b) All bills affecting any retirement system authorized by law shall be accompanied by a bill summary which shall include an estimate of the cost and actuarial analysis of the measure upon being reported favorably by any standing committee unless the actuarial analysis for the bill is governed by the Oklahoma Pension Legislation Actuarial Analysis Act. The estimate and actuarial analysis shall be prepared by an actuary engaged by the House of Representatives.

(c) If any measure of the type delineated in paragraphs (a) and (b) of this section is scheduled for floor consideration without a bill summary having been prepared, it shall be the right of any member to raise a point of order on the Floor and the presiding officer may, in his or her discretion, withdraw the measure from further consideration until a summary is made available.

(d) The accuracy of a fiscal or actuarial analysis contained within the bill summary shall not be a basis for a point of order under these Rules.

(e) The principal House author may publish what he or she believes to be the "legislative intent" of the measure in question. Such a document shall not be drafted by

persons employed within the Legal, Fiscal, or Research Divisions of the House Staff; however, the principal House author may consult with such employees as needed.

7.12 – Discharge from Committee

(a) Any bill or resolution may be discharged from any standing committee of the House upon a request electronically signed by two-thirds (2/3) of the members of the House.

(b) The bill or resolution in question shall be identified on the face of the petition and an electronic copy of the measure shall be attached to the discharge petition.

(c) The request for discharge of a bill or resolution and the attached measure shall be electronically submitted to the Clerk of the House. No other person except the principal House author of the measure in question shall submit a discharge petition to the Clerk. The Clerk shall determine if the discharge petition contains the necessary signatures as required by this section. If the discharge petition contains the necessary signatures, the Clerk shall forward the petition to the Speaker of the House, or designee.

(d) Upon receipt of the discharge petition from the Clerk of the House, the Speaker of the House, or designee, shall place the bill or resolution on the daily House floor agenda. The Clerk of the House shall cause the discharge petition, along with the attached measure, to be published upon the House website.

(e) The Speaker of the House, or designee, shall not place a bill or resolution on the daily House floor agenda if the discharge petition pertaining to the bill or resolution was filed after 12:00 noon on the Tuesday immediately prior to the final date for Third Reading in either regular session.

(c) The chairperson, vice-chairperson, or a member designated by the chairperson or vice-chairperson may administer all oaths and affirmations to witnesses who appear before such committees to testify in any matter requiring evidence.

(d) In order to carry out the duties of the committee and its subcommittees, the chairperson of each committee with approval of the Speaker may issue subpoenas and other necessary process to compel the attendance of witnesses either before the committee or subcommittee or at deposition and the production of any books, letters, or other documentary evidence required by such committee.

(e) In the event a committee must subpoena a witness or witnesses, or otherwise subpoena production of documents, materials, or other evidence, such subpoenas shall be limited to matters reasonably related to the areas of legislative responsibility delegated to the committee and shall be within the reasonable scope of the committee's investigation.

(f) If the committee shall require the deposition of witnesses, either residing within or without the state, such depositions shall be taken in the manner prescribed by law for the taking of depositions in civil actions in the district courts. Witnesses shall be paid the same fees and mileage as are paid in civil cases in district courts.

1. the presentation shall not be scheduled earlier than the next calendar day after electronic publication;
2. the presentation shall be made in person;
3. no person except the principal House author of the measure or another House member designated by the principal House author shall present the report;

5. the chairperson of the standing conference committee shall determine the procedures of the presentation, except as otherwise specifically provided for in these Rules.

(b) Upon electronic publication, a conference committee report which proposes only to restore the title and/or enacting clause of a measure or states that conferees are unable to agree may be electronically signed by members of the standing conference committee.

(d) Members of a standing conference committee may add or remove their electronic signatures at any time prior to the time a Senate conference committee report ceases to be in possession of the House of Representatives.

(b) On the Second Reading of a bill, the bill shall be read by Title only, unless otherwise ordered by the House, and shall be referred by the Speaker to an appropriate committee or directly to the House Calendar under the heading "Bills on General Order" or "Joint Resolutions on General Order", as the case may be.

(c) Measures lacking substantive language shall be assigned to a committee designated to receive them and prior to being scheduled for a committee hearing, substantive language must be electronically filed, unless waived by the Speaker.

(d) No bill or joint resolution on First or Second Reading shall be subject to amendment or debate.

8.4 – Management of Legislation and Committee Deadlines

(a) The Speaker of the House, or designee, shall publish a list of measures to be considered by the House of Representatives, and the Speaker of the House, or designee, shall determine the order of their consideration.

(b) No measure shall be scheduled for consideration unless the measure has been reported from a standing or special committee or has been referred directly to the General Order category of the House Calendar pursuant to Rule 1.4. No measure shall be considered reported from a standing or special committee until the electronically signed committee report is filed with the Clerk of the House.

(c) Upon adoption by the House of a motion to commit any measure to the House Rules Committee, a measure so committed shall not be subsequently returned by the Rules Committee with a favorable recommendation unless accompanied by a Special Rule adopted pursuant to Rule 8.5 prescribing how the measure will be considered by the House. A measure so returned shall not be taken up for consideration prior to the Special Rule required herein being adopted by the House.

CHAPTER B. BILLS AND JOINT RESOLUTIONS ON GENERAL ORDER

8.5 – Special Rules

(a) The House Rules Committee may adopt a "special rule" for a measure scheduled or to be scheduled for consideration on the House Floor.

(b) A special rule may limit the offering of amendments, may prescribe the time and conditions of debate, may govern floor consideration on Third or Fourth Reading of the bill, or may contain any other provisions deemed appropriate.

(c) A special rule shall not become operational unless first presented to the full House in the form of a House resolution. A House resolution reported by the Rules Committee for this purpose shall not be subject to amendment on the House Floor.

8.6 – Special Orders

(a) After a measure is scheduled for consideration on the House Floor, a two-thirds (2/3) majority of the House may vote to designate a measure as a "special order" to be taken up on a specific date or at a specific time. Such a vote shall be recorded in the House Journal.

(b) The provisions of this section shall not apply on the final date for Third Reading in either regular session or on the date of sine die adjournment.

8.7 – Reading and Explanation

(a) A bill or joint resolution on General Order shall first be read by title, or read and considered by sections, unless otherwise ordered.

(b) The member presenting a bill or joint resolution shall be allowed a reasonable length of time in which to explain the bill or resolution, but said explanations shall not include a discussion of the merits of the proposition.

(c) No bill or joint resolution on General Order shall be considered until all opportunities provided by this rule for filing proposed amendments shall be afforded the House.

(d) In such case where no main floor amendment shall be timely filed as defined in Rule 8.8 (b) or where no main floor amendments shall be offered except those amendments permitted under Rule 8.8 (f) and (g), such measure shall become eligible for floor consideration upon the expiration of the deadline set forth in Rule 8.8 (b).

8.8 – Amendments

(a) All House and Senate bills and joint resolutions when initially published on the Floor Calendar shall be subject to amendment beginning at the time of such publishing.

(b) A main floor amendment must be filed no later than twenty-four (24) hours after a bill or joint resolution is initially published on the Floor Calendar, to be eligible for consideration.

(c) An amendment to a main floor amendment must be filed no later than forty-eight (48) hours after a bill or joint resolution is initially published on the Floor Calendar, to be eligible for consideration.

(d) Calendar days not concurrently designated as legislative days shall not be considered when calculating the beginning and ending dates and times for bills initially published on the Floor Calendar and passing through the amendment cycle.

(e) No amendment purporting to strike the Title or the Enacting or Resolving Clause of any bill or joint resolution shall be in order except as provided in paragraphs (f) and (g) of this section.

(f) The Chairperson of the Rules Committee or the Majority Floor Leader shall be permitted to offer amendments to strike the Title or the Enacting or Resolving Clause of measures not affecting revenue or appropriations. Amendments offered under this

paragraph shall not be subject to the time constraints established by paragraphs (b) and (c) of this section.

(g) The Chairperson of the Appropriations and Budget Committee, or the Vice-chairperson of the Appropriations and Budget Committee in the absence of the Chairperson, shall be permitted to offer amendments to strike the Title or the Enacting or Resolving Clause of measures affecting revenue or appropriations. Amendments offered under this paragraph shall not be subject to the time constraints established by paragraphs (b) and (c) of this section.

(h) In the event a bill or joint resolution is published on the Floor Calendar and then subsequently removed while time remains for filing floor amendments as provided in this Rule, such bill or joint resolution, if published again on the Floor Calendar, shall not be considered by the House until the remaining time for filing floor amendments is concluded.

(i) When considering a measure section by section pursuant to Rule 8.7(a), a motion to strike a section when such section is under individual consideration shall not be subject to the time constraints established by this Rule for consideration of regularly filed floor amendments.

(j) When considering a measure section by section, the Title or Enacting or Resolving Clause of a bill or joint resolution may not be stricken except as provided in paragraphs (f) and (g) of this section.

8.9 – Consideration and Presentation

(a) The House shall not consider more than one amendment at a time and amendments shall be taken up only as sponsors gain recognition from the presiding officer to move their adoption.

(b) The adoption of an amendment to a section shall not preclude further amendment of that section so long as subsequent amendments do not purport to amend the same language previously amended. If a bill is being considered section by section or item by item, only amendments to the section or item under consideration shall be in order.

(c) For the purpose of this Rule, an amendment shall be deemed pending only after its author has been recognized by the presiding officer and has moved its adoption.

(d) The body of a bill or joint resolution shall not be defaced or interlined, but all proposed amendments shall be separately submitted, noting the page and line, and shall be considered timely filed only if the principal author of the amendment has electronically submitted such amendment in completed form to the Office of the Clerk within the time constraints provided in Rule 8.8 (b) and (c).

8.10 – Floor Substitutes

The House of Representatives shall not consider any amendment to a main floor amendment offered in the form of a floor substitute. An amendment to a main floor amendment shall be deemed a floor substitute only if adoption of the proposed amendment to a main floor amendment would result in replacement of all sections of the measure in question other than the section containing the effective date or emergency clause.

8.11 – Amendment of General Appropriations Bill

Whenever an amendment is offered to a General Appropriations Bill that would increase any line item of such bill, such amendment shall show the amount by line item of the increase and shall decrease a line item or items within the same bill in an amount or amounts equivalent to or greater than the increase required by the amendment.

8.12 – Amendment Summary

(a) All proposed amendments to bills or joint resolutions shall be accompanied by a written summary and, if adoption of the amendment will have a fiscal impact, including the

affecting of revenues, expenditures or fiscal liability, the summary shall contain a fiscal analysis upon being filed with the Office of the Clerk. The fiscal analysis shall state the estimated increase or decrease in revenues or expenditures and the present and future fiscal implications of passage of the amended bill, if applicable. The summary shall not express comment or opinion relative to the merits of the amendment proposed. The requirements of this section shall not apply to amendments purporting to strike the Title or the Enacting or Resolving Clause of any bill or joint resolution.

(b) Except as may be otherwise required by the Oklahoma Pension Legislation Actuarial Analysis Act, all amendments to bills or joint resolutions affecting any retirement system authorized by law shall be accompanied by a summary which shall include an estimate and actuarial analysis of the present and future fiscal implications of passage of the amended bill. The estimate and actuarial analysis contained in the summary shall be prepared by an actuary engaged by the House of Representatives.

(c) The accuracy of a fiscal or actuarial analysis contained within the written summary shall not be a basis for a point of order under these Rules.

8.13 – Germaneness of House Amendments

The House shall not consider any proposed amendment not germane to the subject of the House bill or resolution. An amendment to a main amendment must be germane to both the main amendment and the measure which it purports to amend.

8.14 – Amendments Out of Order

An amendment is out of order if it is the principal substance of a bill or resolution that has received an unfavorable committee report, has been withdrawn from further consideration by the principal author, or has not been reported favorably by the committee of reference in either session of the current Legislature and may not be offered to a bill or resolution on the Floor Calendar and under consideration by the House. Any amendment that is substantially the same, and identical as to specific intent and purpose, as the bill or resolution residing in the committee of reference is covered by this Rule, unless the bill or resolution under amendment is substantially the same as the bill or resolution residing in the committee of reference.

8.15 – Reconsideration

A motion to reconsider any vote on the adoption or rejection of an amendment, or the adoption or rejection of a section of any bill or joint resolution, may be made by any member prior to the advancement of such measure from General Order, which motion shall be subject to debate. The motion to reconsider may be laid on the table without affecting the question in reference to which the motion is made thereby resulting in a final disposition of the motion.

8.16 – Motion to Commit

A motion may be made during the reading or consideration of any bill or joint resolution on General Order to commit the bill to a standing or special committee, with or without instructions. A motion to commit with instructions shall be electronically submitted to the Office of the Clerk prior to consideration by the House.

8.17 – Motion to Advance from General Order

A motion to advance a bill or joint resolution from General Order shall not be in order until all opportunities provided by this Rule for filing proposed amendments shall be afforded the House. Once a motion to advance from General Order has been adopted, the bill or resolution shall be considered engrossed and on Third Reading.

CHAPTER C. BILLS AND JOINT RESOLUTIONS ON THIRD
READING OR FOURTH READING

8.18 – Consideration and Debate

(a) After Third Reading or Fourth Reading of a bill or joint resolution, the presiding officer shall put the question in the following manner: "The Question Before the House is, shall the Bill or Joint Resolution Pass?"

(b) After Third Reading or Fourth Reading but before the vote is ordered, unless prohibited by Rule 8.21, the question shall be subject to debate.

(c) As governed by paragraph (b) of this section, debate shall be limited to one (1) hour, equally divided between the proponents and opponents of the question, provided that no member may speak for more than ten (10) minutes.

(d) As governed by paragraph (b) of this section, debate shall be limited to ten (10) minutes, equally divided between the proponents and opponents of the question, provided that no member may speak for more than one (1) minute, if the measure lacks a title or enacting clause.

(e) Five (5) minutes of the time allocated to the proponents of the bill or joint resolution shall be reserved to the principal author, and the principal author shall have the right to close the debate.

No bill or joint resolution on Third or Fourth Reading shall be subject to amendment.

8.20 – Consideration of Emergency Clause

(a) When any bill or joint resolution containing a title and enacting clause is being considered on Third Reading or Fourth Reading, and such a bill or joint resolution contains an emergency clause, the emergency clause shall constitute a separate question and shall be subject to debate.

(b) When any bill or joint resolution lacking a title or enacting clause is being considered on Third Reading and such a bill or joint resolution contains an emergency clause, the House shall not consider the emergency clause. The vote on Third Reading shall be considered the vote on the emergency clause and shall be recorded as such in the House Journal.

8.21 – Consideration of Conference Committee Reports

(a) Motions to accept or reject Senate amendments or to adopt or reject conference committee reports may be arranged on a calendar or upon such calendars as may be directed by the Speaker of the House, or designee.

(b) The House shall not consider adoption of a conference committee report or a joint committee report until a majority of both the House and Senate members constituting the conference committee or joint committee have adopted or signed the report. Ex officio members of a House conference committee may electronically sign a conference committee report and shall count towards a majority of signatures as required by this paragraph; however, such ex officio members shall not be included when calculating the number of signatures required to constitute a majority of the membership of a House conference committee.

(c) The House shall not consider a motion to adopt a Senate amendment, a House conference committee report, or a House joint committee report unless it is limited to matters germane to the bill or resolution.

(d) A motion to adopt or reject a Senate amendment, conference committee report, or a joint committee report shall be subject to debate. Debate shall be limited to one (1) hour, equally divided between the proponents and the opponents of the motion, provided that no member may speak for more than ten (10) minutes.

(e) If debate is requested and entertained on the question of adoption of a Senate amendment or a conference committee report, no further debate shall be permitted on Fourth Reading and final passage of the same measure.

(f) If debate is requested and entertained on the question of adoption of a joint committee report, no further debate shall be permitted on Third Reading and final passage of the same measure.

8.22 – Transparency in Conference

(b) All conference committee reports whose adoption will have a fiscal impact shall be accompanied by a fiscal analysis.

(c) A conference committee report may be considered for adoption only if said report has been published on the joint conference calendar twenty-four (24) hours before consideration of the report.

(d) A motion to reject a joint committee report with instructions or a motion to reject a conference committee report with instructions shall not be considered unless said instructions are electronically submitted to the Clerk of the House prior to the time the principal House author of the measure is initially recognized to present the joint committee report or the conference committee report to the House of Representatives.

9.2 – Enforcement of House Rules, Order, and Decorum

(a) The presiding officer shall enforce, apply, and interpret the Rules of the House in all deliberations. While in the Chamber, the presiding officer shall preserve order and decorum, shall prevent personal reflections or the impugning of the motive of any member, and shall confine members in debate to the question under discussion.

(b) When two (2) or more members seek recognition at the same time, the presiding officer shall name the one entitled to the floor. The presiding officer shall not recognize any member who has risen or remains standing while another member is speaking. No member shall be entitled to be recognized to speak unless the member seeks recognition from the member's own desk.

(c) On all questions relative to the transgression of these Rules, the presiding officer shall call the members to order. In such case the member so called to order shall sit down and shall not rise except to explain said member's actions or to proceed in order.

(d) Any member may rise to a point of order against any other member when, in the member's opinion, such member is proceeding out of order. The member raising the point of order must cite the specific rule the member believes is in conflict. Such point of order shall be decided by the presiding officer without debate.

(e) Any decision by the Speaker on a point of order is subject to an appeal to the House made in a timely manner by any member should the member or the House be aggrieved by such decision. Such appeal must be seconded by a minimum of one-fifteenth (1/15) of the membership of the House. Members desiring to second an appeal shall so signify by rising.

(f) The question of an appeal shall be put in the following form: "The question is, shall the decision of the presiding officer be the decision of the House? All those in favor signify by voting 'Aye'; those opposed 'Nay'. The vote is now in progress."

(g) All appeals shall be decided by a recorded vote and without debate, except that the member taking said appeal shall have one (1) minute within which to state the reasons for the member's appeal and the Chair may state the reasons for the Chair's decision. The member's appeal must relate to the decision in question and may not pertain to the merits of any matter or legislation not related to the decision of the Chair.

(h) When a point of order is called, no member shall approach the presiding officer or the Parliamentarian until after the presiding officer has ruled. If requested by the presiding officer, the Majority Floor Leader may confer with the presiding officer regarding matters not pertaining to the point of order.

(i) The presiding officer shall not entertain points of order pertaining to the constitutionality of a measure itself nor shall the presiding officer entertain points of order pertaining to the constitutionality of a measure's title.

(j) While a question is pending, Members are prohibited from referencing visitors in the House Gallery.

9.3 – Procedure

(a) When the ayes and nays are ordered, the presiding officer shall put the question in the following form: "All those in favor signify by voting 'Aye'; those opposed 'Nay'. The vote is now in progress."

(b) As governed by Rules 6.7 (e), 7.6 (d), 8.13, and 8.21 (c), the House shall not consider in either session of the current Legislature any measure originating in the House of Representatives if said measure has been amended by the insertion of matter not germane to

the subject of the bill or resolution. Points of order related to germaneness must be raised at the time the amendment is considered.

9.4 – Debate

(a) Except as otherwise specifically provided in these Rules, when a debatable question is before the House, such debate shall be limited to fifteen (15) minutes, equally divided between the proponents and opponents of the question. Under no circumstances shall a member debate twice on the same question, nor shall any member speak longer than ten (10) minutes on the same question.

(b) When a debatable question is before the House, any member may move that the time for debate on such question be extended. For adoption, such motion need only receive a majority of those voting, a quorum being present.

(c) No member debating any question shall be interrupted by questions until said member has finished the member's remarks, and all time taken in asking and answering questions shall be deducted from the time allotted to said member.

(d) Debate offered in the House of Representatives shall in all cases be directed to the presiding officer in the form of Mister or Madam Speaker as the case may be.

9.5 – Privileges

(a) Questions and motions of privilege shall be: First, those affecting the rights of the House collectively, its safety, dignity, and the integrity of its proceedings; Second, the right, reputation, and conduct of its members individually in their representative capacity only, and shall have precedence over all other questions, except motions to adjourn.

(b) No member who obtains the floor on a question of personal privilege, or on a question of privileges of the House, shall debate any question, matter, or measure then pending in the House, or in any standing or special committee of the House, nor shall the member be allowed to yield the floor for questions from other members.

9.6 – Voting and Division

(a) The electronic voting machine shall be used to record the vote whenever the ayes and nays are required or ordered. The machine shall also be used to determine the presence of a quorum, or to determine the numerical count where a division is requested and ordered. In the event the machine is not operating properly, all votes and determinations of quorums may be taken by calling the roll. If a member's voting device is out of order, the member shall rise and so announce to the presiding officer and cast said member's vote orally prior to the declaration of the result of the vote. Every member shall vote providing the member is in the Chamber at the time the vote is in progress.

(b) The electronic voting machine shall be under the control of the presiding officer and shall be operated by such clerk as the presiding officer so designates. At a reasonable time prior to any vote being taken, the presiding officer shall announce that a vote is about to be taken. When any member other than the Speaker is presiding, the member shall use the roll call switch located at the presiding officer's position upon the dais. When the Speaker is not presiding, the Speaker may direct the presiding officer to activate the Speaker's roll call switch in the manner requested by the Speaker. Any member who is present in the Chamber or is within the view of the presiding officer while a vote is in progress may direct another member to activate said member's roll call switch in the manner requested by that member. The presiding officer, while a vote is in progress, may at his or her discretion, direct the clerk to activate another member's roll call switch if the member is within the view of the presiding officer while a vote is in progress.

(c) When sufficient time has elapsed for each member to vote, the presiding officer shall ask if any members present desire to vote or change their vote. Following such

inquiry and before the electronic voting machine is locked, any member may be excused from voting, pursuant to the provisions of Article V, Section 24 of the Oklahoma Constitution.

(d) The presiding officer shall then lock the machine and instruct the clerk to record the vote. The clerk shall immediately activate the recording equipment and when the vote is completely recorded shall advise the presiding officer of the result, and the presiding officer shall announce the result to the House. No vote may be changed after it has been recorded.

(e) No member may vote for another member, nor may any person cast a vote for a member, except as otherwise provided in this rule. A member who votes for another member, except as herein provided, may be punished in a manner the House determines. A person voting for a member, when not authorized by this rule, shall be barred from the Chamber and may be further punished as the House considers proper.

(f) When a division is requested and ordered, those in the affirmative or the negative, as the case may be, shall cast their votes accordingly and the clerk shall activate the electronic voting machine so as to reflect the individual ayes and nays and the numerical count, but no permanent record thereof shall be made. When the vote is completed, the clerk shall advise the presiding officer of the result, and the presiding officer shall announce the result to the House. In the event the machine is not operating properly, those in the affirmative shall arise from their seats and stand until they are counted aloud by the clerk, then those voting in the negative shall arise and stand until they are counted, and the presiding officer shall announce the result.

(g) Except as provided in Rule 8.20 (b), all votes on final passage of bills and resolutions, or the emergency clause thereof, shall be by recorded votes. One-fifteenth (1/15) of the members present, a quorum being present, may demand a recorded vote on any proposition, or the presiding officer may order a recorded vote upon the presiding officer's own initiative. All such recorded votes shall be published in the House Journal.

9.7 – Conduct During Voting

(a) While a vote is in progress and until the completion of a vote, and the announcement of the result, no member shall be recognized and no other business shall be transacted.

(b) No explanation of any vote shall be permitted while a vote is in progress or after a vote has been cast, except pursuant to Article V, Section 24, of the Oklahoma Constitution.

(c) No member, House employee, or other person shall visit or remain by the Reading Clerk or his or her assistant while a vote is in progress.

9.8 – Previous Question

When a debatable question is before the House, any member may move the Previous Question. It shall be put in the following form: "The Previous Question has been moved. The Question is, shall the House cease debate and vote immediately on the pending question?" If the motion for the Previous Question passes, the pending question shall be put immediately and no member shall be heard to debate it further or seek to amend it.

9.9 – Motion to Advance Question

When a debatable question is before the House, any member may move to Advance the Question. If the motion to Advance the Question passes, no further amendments to the matter considered shall be allowed and debate shall be limited to fifteen (15) minutes, equally divided between the proponents and opponents of the question, provided that no

member may speak for more than five (5) minutes. After debate is concluded, the question shall be put immediately.

9.10 – Reconsideration

(a) The final vote on Third Reading or Fourth Reading on any bill or joint resolution, or on the emergency clause thereof, or the final vote on adoption of a simple or concurrent resolution, may be reconsidered only if a member serves notice immediately after such final vote is taken prior to the consideration of any other business, of said member's intention to present a motion to reconsider such action, and the presiding officer shall afford any member such opportunity prior to proceeding to consideration of any other business.

(b) Unless presented and considered within three (3) legislative days, including the day upon which notice is served, a motion to reconsider shall be considered as having failed of adoption and the measure shall be treated as if the notice had never been lodged.

(c) A motion to reconsider may be offered immediately or upon the same day the final vote is taken by the member who served notice, or by another member with said member's consent. On the last day of the reconsideration period, any member may seek recognition for a motion to reconsider.

(d) Motions to reconsider shall be disposed of before the close of business on the last day of the time period specified for Third Reading and final passage for House and Senate measures.

(e) On the last day of the time period specified for Third Reading and final passage for House and Senate measures, a motion to reconsider, lodged either upon that same day or upon the two (2) prior legislative days, may be offered by any member upon being recognized for such motion by the presiding officer.

(f) On the last day of a session, no motion to reconsider shall be recognized except immediately after a final vote is taken and prior to the consideration of any other business. A member may move to reconsider which motion shall be taken up immediately.

(g) For adoption, a motion to reconsider must receive a majority vote of those elected to and constituting the House. Only one (1) reconsideration of the final vote on a bill, resolution, or emergency clause shall be allowed. Except as otherwise specifically provided in Rule 8.15, no question shall be subject to reconsideration in the House.

9.11 – Measures Vetoed By The Governor

(a) When a bill or joint resolution is returned to the House because of a veto by the Governor, a motion to vote to override the veto shall be in order.

(b) A motion to vote to override a veto by the Governor is debatable. Such debate shall be limited to thirty (30) minutes, equally divided between the proponents and opponents of the question; provided, that no member may speak for more than ten (10) minutes.

(c) Prior to consideration of a motion to override the Governor's veto, if the returned bill or joint resolution was accompanied by a message of explanation, such message shall be published to the House of Representatives as determined by the presiding officer.

9.12 – Quorum

(a) At any time during the daily sessions of the House, a member recognized by the presiding officer may raise a question as to the presence of a quorum. If the presiding officer cannot ascertain whether or not there is a quorum, he or she shall, without debate, forthwith direct that the electronic voting machine be activated to determine the presence or absence of a quorum, and shall announce the result.

(b) Whenever it shall be ascertained that a quorum is not present, the members present may, by motion adopted by a majority of those voting, direct the Chief Sergeant at

Arms to request and, if necessary, to compel the presence of absent members, which motion shall be considered without debate. Pending its execution and until a quorum shall be present, no motion or debate, except to adjourn to a day and time certain, shall be in order.

Speaker McCall Presiding

STATE OF THE STATE

Upon unanimous consent request of Representative Echols, the Governor's message was printed in full as follows:

Mr. Speaker, Mr. President Pro Tem, Lt. Governor Matt Pinnell, Chief Operating Officer John Budd and members of my cabinet, Mr. Chief Justice, members of the 58th Legislature, my best friend – First Lady Sarah Stitt, my six children, my parents, and most importantly, my fellow Oklahomans. It is a great honor to stand before you, and to partner with you to lead our state through unprecedented times. I respect the constitutional authority of both of these legislative bodies. Mr. Speaker, Mr. Pro Tem, members of the House and Senate, I stand here in your chamber today and pledge to work with you, and to have the best and most productive session in state history! I'd also like to recognize each of the fifteen new representatives and the eight new senators who are just starting their service. I look forward to partnering with you as we continue to lead Oklahoma to becoming a Top Ten state.

Two years ago, I took the oath of office in front of my family, my fellow Oklahomans and most importantly my Heavenly Father. I promised to support and defend the constitution and perform the duties of my office to the best of my ability. I take that promise as seriously today as the day I made it. My colleagues in the Legislature made the same promise to their constituents.

Today I'd like to talk about the promises we've kept – and the promise of tomorrow. Oklahoma, the state of our state is strong because we are resilient and well-positioned for a bright future.

Before we look forward, let's look back. 2020 was a year unlike anything we've experienced in our lifetimes. If we think back to a year ago, who could have ever imagined the toll COVID would take? This pandemic is unprecedented in modern times. We've felt the impact of COVID-19 on every level -- on our families, our jobs and our day-to-day lives. We've lost more than 3,000 Oklahomans to this virus. Each one of those has a name, a story, and a family who is mourning their loss. Like Paul teaches us in Romans 12, we mourn with those who mourn.

Throughout this past year Oklahomans rose to the challenge: as individuals, as families and as neighbors. We made sacrifices; we took care of our most vulnerable; we shifted; we innovated, but we were not defeated. For the last 11 months, my promise has been to protect the health and lives of Oklahomans, to keep our businesses open safely and to get

our kids safely back in school. I'm so proud of Oklahoma, our team at the Health Department, and the Governor's Solution Task Force.

We successfully opened our economy on June 1st and safely restarted most schools in August. It appears now other states are waking up to the stark reality of double-digit unemployment, huge budget deficits and the fact that our kids are safer at school than anywhere else. They're realizing we took the smart approach in Oklahoma. Even Governor Cuomo in New York has seen the light. Just a few weeks ago he said, "We simply cannot stay closed until the vaccine hits critical mass. The cost is too high. We will have nothing left to open." Oklahoma faced the same decisions as every other state. I've kept my promise to follow the data and make the right decisions for Oklahoma at the right time. And now we are months and months ahead of other states.

Across Oklahoma, doctors, nurses and health care workers have delivered on their promise to care for Oklahomans. They risked their lives to care for their fellow citizens and help them fight an unknown virus. I've met with Chief Medical Officers and other frontline health care workers, both in my office and in their hospitals. I've witnessed their professionalism, their endurance and their compassion on full display.

Amy Petitt, the ICU Nurse Leader at Saint Anthony hospital, was one of the heroes we met. She told me about nurses and doctors working so hard to offer human touch to those who can't see their families. No matter how tough the conditions are, they're treating their patients with dignity. They're caring for them like they'd want their own family members cared for. We will forever owe them a debt of gratitude because they have been magnificent. When testing was a challenge around the world, we leveraged the resources we had here in Oklahoma. We quickly converted a diagnostic lab in Stillwater, which dramatically raised our testing capacity in the early stages. Our State Health Department partnered with County Health Departments to stand up 80 test sites across the state. We've made sure any Oklahoman who needed a test could get one for free, and we've completed more than 3 million tests so far. We quickly overcame a global PPE shortage and refilled our stockpile. We continue to distribute millions of masks, gloves and other protective items across the state. We're delivering to nursing homes, to first responders and to school districts in every part of our state.

I ask all Oklahomans to join me in thanking Secretaries Jerome Loughridge, Dr. Kayse Shrum, Kevin Corbett and Elizabeth Pollard; Commissioner of Health Dr. Lance Frye, Gino DeMarco, Director Mark Gower and his team at the Department of Emergency Management, the men and women of the Oklahoma National Guard, our teams on the front lines at the Department of Corrections and the Department of Veterans Affairs and our many other state and local partners. I want to specifically thank my Chief Operating Officer, John Budd. He's in the gallery, representing the Governor's Solution Task Force and everyone who played key roles in protecting Oklahomans. John, we cannot thank you enough.

Oklahomans across the state played a key role in our response as well. Together, the three W's became part of our daily life. We've washed our hands frequently; we've watched our distance from others, and we've worn masks in public places. We took the personal responsibility to protect our families, our neighbors and our most vulnerable. Our 7-day average of new cases is down 45% from its peak. Our hospitalizations are down 35% as well. We can see the finish line in our fight against this virus. Rather than coast our way in, let's continue together with a final sprint. To the Oklahomans who have made so many sacrifices to slow the spread, I thank you, and I ask everyone to join us as we put this virus behind us.

I promised Oklahomans we would bring efficiency to state government. We are doing just that with our vaccine rollout. Thanks to the hard work of Deputy Commissioner Keith Reed and his team at the State Health Department, local public health workers and our state's medical community, we are seventh in the nation – Top Ten -- in vaccines administered per capita!

I'll never forget watching Hannah White, a nurse at INTEGRIS Health in Oklahoma City, be the first Oklahoman to get the vaccine. Once it was over, she hugged the nurse who gave it to her. She said, "Hopefully this is the start of something better." As I speak to you today, more than 356,000 Oklahomans now have that same hope. We're accelerating our efforts --- more supplies of vaccines are on the way. I assure you we will be relentless. My vision is to get our summer back, and we can do it by continuing to lead the nation in vaccinations.

Because I am committed to getting all kids back in their classrooms, I made sure we prioritized teachers to get this vaccine. Many teachers over 65 have been vaccinated already, and many more teachers will be eligible this month. In almost every district in Oklahoma, parents and students have an option to choose to go back to the classroom. To the school districts that have innovated and followed the data to offer safe, in-person instruction -- on behalf of your parents, and the future of our state, I can't thank you enough. You're providing an important safety net to our children, and you're the glue that holds many of our communities together.

I've heard stories of teachers doing everything they can, but they're worried about their students not being in the classroom. Kathryn Szallar teaches kindergarten in Deer Creek. She's a phenomenal teacher who goes above and beyond for her students. Her school is on an A/B schedule, and she told me how hard it is to teach young kids through distance learning. She feels it's essential for young people to have the option to be in the classroom with their teachers. A child's education is a building block, and it starts in their youngest years. Ms. Szallar, and many other teachers, are worried that keeping students from their classrooms could set them back for years. Can you imagine being a first grader and trying to learn to read on Zoom? Distance learning is perfectly fine for some students, but when we force it on everyone, it widens achievement gaps and jeopardizes our future as a Top Ten state. Our kids deserve the option to be in their classrooms. I promise to keep fighting for our students every day!

We've kept our promise to thousands of business owners by allowing them to stay open safely. As you know, some states shut down completely for months at a time. But we found the right balance between protecting public health and protecting Oklahomans' right to provide for their families! We went to Phase 1 of the Open Up and Recover Safely plan April 24th. We went to Phase 3 – fully reopen – on June 1st. Back then, I said by reopening safely and responsibly, we'd be months ahead of other states. Our June unemployment rate was fifth lowest in the country – 40% lower than the national average – and almost 60% lower than New York. Because of that, almost 100,000 more Oklahomans were back to work compared to the national average.

Everywhere I go across the state, small business owners and workers tell me how grateful they are for being able to keep their businesses open, to provide income for their employees and their families and to provide the services their communities rely on. The other day I stopped in at Eddie's Restaurant in Edmond. I got to meet Eddie, who drove across town to see me before I left. He shook my hand, sat down, and looked me in the eye. He said, "Thank you. Keep doing what you're doing. It's made a huge impact on our life." Like so many small business owners across the state, Eddie and his wife started with

nothing but hope. They took out their life savings to buy a restaurant on the corner of Coltrane and Second. After years of sacrifice and hard work, they expanded. They now own three restaurants, a catering company and a food truck. Eddie told me that when the pandemic hit, like many business owners, they were worried. He said, "My daughter's college tuition needs to be paid. I don't have a private investor, a bank. I have to continue on." Eddie said because of the decisions we've made; he and his 100 employees can continue on. They can feed their families. They can pay for their children's education. They can continue to live. I'm proud to tell you Eddie plans to open a new location next month, and I can't wait to be there to support him.

Through the Oklahoma Business Relief Program, we invested \$143 million in 8,661 small businesses just like Eddie's. This program touched 344 different communities throughout all 77 counties. 25 percent of the businesses were minority owned, including the Black Wall Street Liquid Lounge, a coffee shop in Tulsa's Greenwood District; TS&H Shirt Company in Seminole and Azteca Mexican Restaurant in Oklahoma City. Azteca's owner, Alejandria Camarena, opened her restaurant three years ago. She had always dreamed of owning a business. COVID-19 threatened that dream, but thanks to our Business Relief grants, she kept all 12 employees on her payroll. And she continues as a successful Hispanic female business owner in Oklahoma. Small businesses like these are the lifeblood of our communities. Their continued success is key to making Oklahoma a Top Ten state.

The pandemic isn't over --- but we can see the light at the end of the tunnel. As Will Rogers once said, "Don't let yesterday use up too much of today." The people of Oklahoma have sent us here to make their lives better. They expect us to work together, and they expect us to do things for the right reasons – never for personal gain or political purposes.

For the past few months, we've been working on a legislative agenda to deliver on the promises we've made to our constituents. Secretary Bingman and I have been meeting with Speaker Charles McCall and President Pro Tem Greg Treat. We've worked together to craft not the governor's agenda, not the House's agenda, not the Senate's agenda, but the people's agenda! The people of Oklahoma made their voices heard loudly in November. They gave House Republicans five more seats, and the strongest supermajority in state history! More than 80% of the House and the Senate are now led by conservative Oklahomans. We will keep burdens low on our taxpayers. We'll support our oil and gas industry and protect it from radical liberals in Washington. We'll fight for our farmers and ranchers and the Oklahoma way of life. We'll enact business friendly policies. We'll protect the rights of unborn children and stand up for the personal and religious freedoms of Oklahomans!

"The People's Agenda" for this legislative session has three main pillars: Number one, Make Oklahoma a Top Ten state for business, number two, deliver taxpayers more for their money and number three, invest in our fellow Oklahomans. I know so many of you in the chamber -- and those watching -- believe we can be and should be a Top Ten State for Business. What we need is more taxpayers, not more taxes. I'm proud to say Oklahoma is open for business, and we're seeing results. More companies are looking to relocate to our state than ever before. We've been aggressive. We're reaching out to companies in states that are keeping businesses locked down and dictating their citizens' personal freedoms. In the past two years, we've had many meetings with companies in California. They all say the same thing: "We want out." Over the last year, I've worked together with the Department of Commerce and the Oklahoma Business Roundtable to get those companies free from California's anti-business policies. PAS MRO, an aerospace company based in

California, announced last summer it would be moving its operations to Bristow, Oklahoma. Company President Jim Agee said the decision was easy. He said it was because of Oklahoma's business-friendly policies, availability of highly trained workers and the lower costs of doing business in our state. One of our key tools we have in Oklahoma to close deals like these is the Governor's Quick Action Closing Fund. It lets us recruit new industries and growing companies. We also need to invest in innovation by using accelerators for entrepreneurs and supporting startups statewide.

A few weeks ago, I was at the Cattlemen's Congress at the fairgrounds in Oklahoma City. The folks in Denver turned their back on the Ag industry. They wouldn't let them have their major national cattle show because they insisted on keeping their state locked down. That put the stability of the U.S. beef industry in danger. So we started a new tradition here in Oklahoma City, and the Cattlemen's Congress brought \$50 million to our economy!

We can't have a strong economy without a skilled workforce and a strong education system. Right now, we have the opportunity of a lifetime. We have a chance to rethink and reimagine the future of education in Oklahoma. One of the ways we can do this is by looking at how schools get their funding. The current formula lets schools pick their highest number of students over the last three years. Here's what that means. Say you lived in Tulsa and moved to a new district to make sure your kids could go to school in person. Your kids could be counted by both districts. They're called "ghost students." We're sending money to districts to educate kids who don't go there, and that's simply not fair. There are more than 55,000 "ghost students" in our funding formula right now. That means we're allocating close to 200 million of your tax dollars to students who don't exist. This is unacceptable. It's time for schools to be funded based on how many students they have now -- not how many they had in the past.

COVID-19 has also shown us that every child has unique needs. Being in a physical classroom is so important for most students to succeed. By not giving our parents and children an option for in-person learning, schools have tied their hands. It's now been 325 days since Tulsa students in 4th through 12th grades have been allowed to be in their classrooms. 325 days! Meanwhile, just a few blocks away, the rest of the Tulsa metro has been safely in session most of the year. Union, Jenks, Broken Arrow, Bixby, Owasso, Sapulpa, Sand Springs, Sperry, Skiatook, Collinsville. The list goes on. They've all found ways to put their students first and give them the choice to come back to the classroom. The only difference between schools that stay closed and those that have safely reopened is the mindset to find a way to make it happen.

My heart breaks when I hear stories like Abby Cavness's. She said, "I'm a Tulsa Public Schools lifer and never in a million years thought I'd be uttering these words." "My kids are miserable. They beg every day through tears to not do distance learning anymore. My 4th grader is begging to switch to any school that is actually open." "It is devastating to watch our beloved school lose family after family." Abby finished by saying, "I'm scared for what Tulsa and the school system is going to become after this." Stories like Abby's are why students and parents need the choice to transfer to public schools that best fit their needs. If a school district has space available and is a better fit for a child, the government should make that happen -- not stand in the way. We have to put our students first. Period.

Another way to make Oklahoma a Top Ten state is to have an infrastructure that grows and attracts businesses. Last year, we hit a major milestone as we reached Top Ten in bridge conditions -- an incredible achievement considering we were near the bottom just a few years ago. Tim Gatz, Secretary of Transportation, is doing a great job working with the

teams at ODOT and the Turnpike Authority to modernize their agencies. That lets us focus on projects that link our cities and towns and provide access to new areas for economic development. A strong infrastructure is the backbone of any strong economy.

Another key to a strong economy is letting businesses grow without fear of government overreach. In his first week in office, President Biden issued 22 Executive Orders. Many of them will kill jobs and put burdensome regulations on our businesses. It's a different story here in Oklahoma. We must continue our focus on cutting red tape. By working together to get rid of excessive regulation, we'll unlock Oklahoma's full economic potential for workers, business owners, farmers, and families. Instead of letting Washington strangle Oklahoma's businesses, we need to unleash them! The government's job is not to slow things down. It's to get out of the way!

Thanks to the support of our legislators, we built our savings account to \$1 billion in 2019. Some folks criticized us for wanting to save this money, but that's proven to be a lifesaver during the tough financial season we had last year. I also want to credit my colleagues in the House and Senate for their wisdom and careful thinking during last year's session. Our state was reeling from a massive drop in oil prices and 13% unemployment, but you recognized the uncertainty and wisely held the budget to 78% of the spending authority while still providing core services. Your fiscal prudence is one of the reasons why we have the opportunity we do today, and I thank you for the challenging decisions you made. It's because of these tough decisions – reopening our economy, how we spent our COVID Relief Funds across the state, and the Legislature's careful budget – that the Fiscal Year 2022 predictions are much better than many states. We'll be able to invest in strategic places while avoiding cuts. We can also significantly replenish our savings account, so we stay prepared for whatever comes our way.

Now our challenge is to make sure Oklahomans get more for their money. A perfect example of this is our Department of Human Services. Secretary Justin Brown and his team did a great job innovating this year. DHS is prioritizing service over brick and mortar office space. It's closing 25 offices but embedding those staff members in more than 100 community spaces. The result is Oklahomans get better access and more services instead of paying for real estate. I thank the hardworking men and women at DHS and all our state agencies for innovating to get more for our money.

Another way to deliver taxpayers more for their money is to make sure hard work gets rewarded. Like many of you in this room, my background is in the private sector. When I was building and running my business, I recruited and hired talented people. I could pay and promote them based on their experience, capability and work ethic. But that can't happen in state government. Agency leaders have their hands tied in who they can hire and promote because of outdated restrictions. State agencies should be able to hire the best people and promote good employees. 2020 showed us how dramatically our world can change overnight. Our state agencies need to be able to adapt and change in real-time. Thousands of our state employees are stuck in a system where qualified, dedicated and hungry employees are often waiting years to be promoted, all because they're stuck behind someone in line.

I want to tell you about one of our hardworking state employees named Cody. Cody has worked at OESC for 22 years. He's down in the Idabel office. Cody was doing way more work than his title and job description indicated, but factors out of his control made a promotion nearly impossible. One of those factors was location. An agency policy required directors to live in Oklahoma City. Generations of Cody's family had lived in Idabel and a promotion wasn't worth leaving his family. It took a pandemic -- and my

Executive Order to have state employees working from home -- to change the policy so he could become a director. There are men and women like Cody across state government -- talented, dedicated to serving our state, and stuck in an outdated system that keeps them from being rewarded like they deserve. To be a Top Ten state, we need a system that rewards our state employees and gives us the flexibility we need to serve our citizens more effectively.

Finally, my team will continue to find ways to partner with the members in this room to invest in our fellow Oklahomans. America's Health Rankings puts Oklahoma 46th in the country in health outcomes. We're one of the worst in the country in obesity and diabetes rates. We have the third most deaths from heart disease. That's unacceptable to me, and I know it's unacceptable to all 4 million Oklahomans. Oklahomans hired me to bring a fresh set of eyes to all areas of our state government. As governor, I can't stand by and continue with business as usual when the system isn't working. We have an obligation as leaders to do better for our citizens. I think it's implicit in the promises we made when we all assumed office. With Medicaid Expansion now in our Constitution, this is the perfect opportunity to reimagine health care delivery in Oklahoma. It's time to focus on outcomes and not just paying invoices. 40 states have found managed care is the best way forward: Texas, Kansas, Iowa, Tennessee, Florida. Even California and Illinois. It's not a red state or blue state thing. It's the smart thing to do. In fact, almost every other state with Medicaid expansion also uses managed care. Oklahoma, this is the right path forward.

Now, we need to talk about the most pressing issue for our state's future. The U.S. Supreme Court's ruling in *McGirt v. Oklahoma* questions the sovereignty of the state as we've known it since 1907. The Court overturned the conviction of a child rapist on the grounds that the Creek Nation's reservation was never disestablished for criminal jurisdiction. State courts no longer have the authority to prosecute crimes committed by or against Oklahomans who are also tribal members. Hundreds of criminal cases are being dismissed. This ruling also raises many other unanswered questions. Do tribal members living in eastern Oklahoma pay income tax and sales tax? If not, the Oklahoma Tax Commission estimates a potential loss of \$200 million every year.

Another potential issue is who regulates agriculture? Water? The energy industry? Zoning? Who has the right to tax businesses? What is the state of Oklahoma's ability to enforce the laws? In Muskogee County, a convicted serial rapist named Leroy Smith was recently released. The Muskogee County District Attorney said he can't be retried because of the federal statute of limitations. We need to resolve the many unanswered questions from this ruling. I've invited the leaders of Oklahoma's sovereign tribes to join together and work with the State of Oklahoma. Together, we must create the certainty, fairness and the unity we've enjoyed since 1907. Where we go from here will define the state's future. We have a shared responsibility to live as one Oklahoma regardless of your race or where you live. We drive on the same roads; our kids go to the same schools and we benefit from the same programs. It is critical -- while embracing the tribal heritage of many Oklahomans -- that we don't lose sight of the fact that we are all Oklahomans. As one Oklahoma, we will become a Top Ten state. If we are divided, we will not. We must come together.

This year has tested the resiliency of our state and all 4 million Oklahomans. We've all faced challenges and made difficult sacrifices, but at the root of it all, we've endured. Oklahomans are no stranger to hardship. We've lived through dust bowls, tornados, floods, a bombing, and now a pandemic. But we're going to make it through, just like we have time and time again.

It's been two years since I stood on the steps of the Capitol and was sworn in as governor. On that day, I shared something my dad told me. He'd tell us, "Don't ever give up. Don't ever quit. The future doesn't just happen. You make it happen, so dream big." With big dreams and bold decisions, we'll capitalize on the promise of tomorrow. We must always focus on the next generation and not the next election. If we allow selfish ambition to drive decisions, the moral fabric of our system starts to break down. I'm calling on every elected official to continue serving with self-sacrifice, always putting the needs of 4 million Oklahomans ahead of the few and the powerful. I encourage us all today to renew our promise to the people of our great state. Our decisions have consequences, and as we go, society follows. Let's lead Oklahoma to becoming a Top Ten state, and let's deliver on the people's agenda. Together. The turnaround Oklahomans demanded is well underway.

God bless you, and God bless the great state of Oklahoma.

*Pursuant to Title 69, Section 1521 of the Oklahoma Statutes, FY-2016 apportionments to the three transportation funds (less debt obligations) were reduced by 7% due to a statewide revenue failure. After final year-end closing, amounts attributed to the cuts that were found to be unnecessary to balancing the revenue failure were returned to the funds. An initial cut to agency budgets made during the FY-2017 fiscal year was fully restored after close of the year. The FY-2016 and FY-2017 amounts shown above reflect the final total amounts apportioned to each fund, respectively.

**HB2743, passed during the 2020 Legislative Session, apportioned \$180,000,000 in dedicated ROADS revenue to the Education Reform Revolving Fund for FY2021 and FY2022.

Pursuant to Title 69, Section 1521 of the Oklahoma Statutes, a finding must be made to determine whether "expenditures from the ROADS Fund were used to enhance or supplant state funding for the Department of Transportation (ODOT)." Effective July 1, 2006, the State Transportation Fund, ODOT's authorized source of state funding, became a revolving fund. Appropriations not including ROADS funds increased from \$168.9 million in FY20 to \$170.0 million in FY21 to ODOT. ROADS funding, therefore, enhanced transportation funding.

**OKLAHOMA EDUCATION LOTTERY TRUST FUND
FEBRUARY APPROPRIATIONS ANALYSIS
Schedule 4**

Article X, Section 41 of the Oklahoma Constitution and Title 3A, Section 713 of the Oklahoma Statutes requires the State Board of Equalization to determine if appropriations from the Oklahoma Education Lottery Trust Fund were used to enhance or supplant education funding.

<i>Column 1</i>	<i>Column 2</i>	<i>Column 3</i>	<i>Column 4</i>	<i>Column 5</i>
	FY-2020 FINAL APPROPRIATIONS	FY-2021 AUTHORIZED APPROPRIATIONS	INCREASE OR (DECREASE)	PERCENT CHANGE
Education Funding	\$4,031,904,913	\$3,930,839,333	(\$101,065,580)	-2.5%
Education Lottery Trust Fund	63,229,532	72,754,285	9,524,753	15.1%
Total Education Funding	\$4,095,134,445	\$4,003,593,618	(\$91,540,827)	-2.2%

	FY-2020 FINAL APPROPRIATIONS	FY-2021 AUTHORIZED APPROPRIATIONS	INCREASE OR (DECREASE)	PERCENT CHANGE
Total Statewide Appropriations/Authorizations	\$8,130,075,680	\$7,786,365,182	(\$343,710,498)	-4.2%
-Less Education Funding	\$4,098,170,767	\$3,855,525,849	(\$242,644,918)	-5.9%

Change in Education Funding	-2.5%
Change in Statewide Funding	-4.2%

To determine if the Oklahoma Education Lottery Trust Fund supplanted or enhanced education funding, actual FY-2020 appropriations are compared to FY-2021 appropriations for the purposes outlined in lottery funding statutes. Education funding, excluding the Lottery Trust Fund, decreased in FY-2021 over FY-2020 by \$101.1 million, or 2.5%. The Lottery Trust Fund appropriations increased by \$9.5 million, or 15.1%, in FY-2021 from FY-2020. Statewide cuts amounted to \$343.7 million decrease, or 4.2%. Cuts to total education funding of 2.5% were less, relative to statewide cuts of 4.2%. Therefore, the Oklahoma Educational Lottery Trust Fund enhanced and did not supplant funding for education.

**CERTIFICATION OF 5-YEAR AVERAGES
REVENUE STABILIZATION ACT
Schedule 5**

Regarding duties of the State Board of Equalization, Title 62, Section 34.103, Paragraph A requires "...at the meeting...to be held in February of 2017, and...each year thereafter, the State Board of Equalization shall certify:" {1. The five-year average of actual annual revenue apportioned to the GRF from GP Oil tax collections; 2. The five-year average of actual annual revenue apportioned to the GRF from GP Natural Gas tax collections; and 3. The five-year average of actual annual revenue apportioned to the GRF from Corporate Income tax collections.} Paragraphs B & C further provide for distribution of any amounts "of revenue available for apportionment to the General Revenue Fund for the next ensuing fiscal year (which) exceeds the amounts certified...with respect to each revenue source...". Any such distribution is subject to the controlling provision found in Paragraph B of Section 34.102 of the same Title, which specifies that "No monies shall be deposited to the credit of the Revenue Stabilization Fund until such time as the amount of actual revenue certified by the State Board of Equalization as having been deposited into the (GRF) for the first fiscal year prior to the beginning of the first fiscal year that deposits to the...Fund are first made equals or exceeds...\$6,600,000,000... No deposits shall be made during a fiscal year where the State Board of Equalization General Revenue Fund certification for said fiscal year is less than the... certification for the previous fiscal year plus an increment amount otherwise calculated for deposit pursuant to subsection E," referring to the excess above the five year averages of gross production oil tax, gross production natural gas tax, and corporate income tax. Additionally, Paragraph D prohibits deposits into the Revenue Stabilization Fund during any year in which revenue failure has been declared from the month of the declaration. Paragraph D further prohibits deposits into the Revenue Stabilization if that would cause deposits to the Revenue Stabilization Fund for the fiscal year to exceed three percent (3%) of the State Board of Equalization General Revenue Fund certification for that fiscal year. Once the statutory limitation has been met, certifications and deposits will be made according to additional requirements and limitations of these sections of law.

FEBRUARY DETERMINATION OF BASELINE
Schedule 6**

Title 68, Section 2355 1B, added by laws 2007, SB 357, as amended by SB 1092, effective November 1, 2007, requires that the Board of Equalization, at the Constitutional meeting, "2. Beginning with the February meeting in the sixth year after the Board determines an initial baseline amount, annually review such amount to determine if it differs from the average annual amount of revenue which was finally apportioned to the credit of the Teachers' Retirement System Dedicated Revenue Revolving Fund pursuant to Sections 1353, 1403 and 2352 of Title 68 of the Oklahoma Statutes over the most recent five (5) fiscal years. If the Board determines that the initial baseline amount is less than the five-year average annual amount, a new baseline equal to the five-year average annual amount shall be determined and applied as provided in paragraph 5 of Section 1353, paragraph 5 of Section 1403 and paragraph 3 of Section 2352 of Title 68 of the Oklahoma Statutes; and 3. Determine the proportion of the baseline amount attributable to each revenue source specified in paragraph 2 of this section whenever the Board determines a baseline amount." HB2741, passed during the 2020 Legislative Session, amended Title 68, Sections 1353, 1403, and 2352 and struck requirements that in no event individual income tax, corporate income tax, sales tax, and use tax apportioned to Teachers' Retirement be less than the baseline established by the Board of Equalization.

Advising of his veto of **HB 1598** on April 21, 2021. The veto message reads as follows:

To the Honorable Speaker of the House
and Members of the House of Representatives
First Regular Session, Fifty-eighth Oklahoma Legislature

Enrolled House Bill No. **1598**

By: Provenzano of the House and Quinn of the Senate

This is to advise you that on this date, pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution to approve or object to legislation presented to me, I have VETOED House Bill **1598**.

House Bill **1598** would authorize the Oklahoma State Department of Education to approve vision screeners to conduct vision screenings for students enrolled in kindergarten, first grade, and third grade. As vision screenings are currently being provided to kindergarten, first grade, and third grade students and because vision screenings fall within the Oklahoma State Department of Health's area of expertise, the Department of Health approves vision screeners, maintains a statewide registry of approved screeners, vision screener trainers, and trainers of vision screener trainers, and maintains the standards for vision screenings and referrals.

Though vision screening plays an important role in a child's education, House Bill **1598** is duplicative and not in the best interest of Oklahoma children. The State Department of Education is not the appropriate state entity to approve healthcare providers, including vision screeners, and lacks the subject matter expertise to develop appropriate standards and procedures for such healthcare providers to follow. These important vision screenings will continue to take place under Oklahoma law. This veto ensures that oversight of these health-related screenings remains in the sole purview of the Department of Health.

For these reasons I have vetoed House Bill **1598**.

By the Governor of the State of Oklahoma

/s/ Kevin Stitt

Advising of his veto of **HB 2500** on April 21, 2021. The veto message reads as follows:

To the Honorable Speaker of the House
and Members of the House of Representatives
First Regular Session, Fifty-eighth Oklahoma Legislature

Enrolled House Bill No. **2500**

By: Culver of the House and David of the Senate

Pursuant to the authority vested in me by Section 11 of Article VI of the Oklahoma Constitution, I have vetoed House Bill **2500**.

House Bill **2500** would change Oklahoma law by adding a vague restriction to an already burdensome list of qualifications for six of the nine members of the Oklahoma Abstractors

Board. Such a change increases the regulated industry's control of its own rulemaking process.

For these reasons, I have vetoed House Bill **2500**.

By the Governor of the State of Oklahoma

/s/ Kevin Stitt
